**Item 7.01. Regulation FD Disclosure.**

The following information is filed pursuant to this Item 7.01 and Regulation FD. On November 7, 2007, Inter Parfums Inc. announced the following. Management again reaffirms its full year 2007 guidance projecting record net sales, record net income and record diluted earnings per share of approximately \$378 million, \$21.5 million and \$1.04, respectively. This guidance assumes the dollar remains at current levels. Russell Greenberg, Executive Vice President and CFO noted, "As expected, seasonality is indeed playing a larger role in our quarterly results than it has in the past, with a larger proportion of annual sales booked in the second half. The timing of shipments by our majority-owned distribution subsidiaries to their customers and delivery schedules for our U.S. specialty retail customers weigh more heavily in the second half." Inter Parfums plans to announce its initial 2008 guidance on Wednesday, November 28, 2007 after the close of the market.

The management of Inter Parfums will host a conference call at 12:00 noon ET on Thursday, November 8, 2007, to discuss third quarter results and other recent developments. Interested parties may participate by calling 706-679-3037, approximately 10 minutes before the start of the call. This conference call will also be distributed live over the Internet via the Investor Relations section of the Company's web site at [www.interparfumsinc.com](http://www.interparfumsinc.com). To listen to the live call, please go to the web site in advance to register, and if needed, download and install any necessary audio software.
