Item 1.01 Entry into a Definitive Material Agreement

On December 19, 2018, Orrstown Financial Services, Inc. (the “Company”) entered into a Subordinated Note Purchase Agreement (the “Purchase Agreement”) with certain qualified institutional buyers and institutional accredited investors (the “Purchasers”) pursuant to which the Company sold and issued \$32.5 million in aggregate principal amount of 6% Fixed-to-Floating Rate Subordinated Notes due December 30, 2028 (the “Notes”). The Notes were offered and sold by the Company to eligible purchasers in a private offering in reliance on the exemptions from the registration requirements of Section 4(a)(2) of the Securities Act of 1933, as amended (the “Securities Act”) and the provisions of Regulation D thereunder (the “Private Placement”). The Company intends to use the net proceeds of the offering for general corporate purposes.

The Notes have a ten-year term and will bear interest at a fixed annual rate of 6.0% for the first five years of the term (the “Fixed Interest Rate Period”). From and after December 30, 2023, the interest rate will adjust to a floating rate equal to LIBOR for the applicable Interest Period plus 316 basis points (the “Floating Interest Rate Period”). The Company will pay interest semi-annually in arrears during the term of the Notes. The Notes are redeemable, in whole or in part, on any interest payment date on or after December 30, 2023 and at any time upon the occurrence of certain events. The Purchase Agreement contains certain customary representations, warranties and covenants made by the Company, on the one hand, and the Purchasers, severally and not jointly, on the other hand.

On December 19, 2018, in connection with the sale and issuance of the Notes, the Company entered into a Registration Rights Agreement (the “Registration Rights Agreement”) with the Purchasers. Under the terms of the Registration Rights Agreement, the Company has agreed to take certain actions to provide for the exchange of the Notes for subordinated notes that are registered under the Securities Act and have substantially the same terms as the Notes. Under certain circumstances, if the Company fails to meet its obligations under the Registration Rights Agreement, it would be required to pay additional interest to the holders of the Notes.

The Purchase Agreement is attached as Exhibit 10.1 to this Current Report on Form 8-K and is incorporated herein by reference. The Registration Rights Agreement is attached as Exhibit 10.2 to this Current Report on Form 8-K and is incorporated herein by reference. The foregoing descriptions of the Purchase Agreement and the Registration Rights Agreement are summaries and are qualified in their entirety by reference to the forms of the Purchase Agreement and the Registration Rights Agreement, respectively.

The Notes were issued under an Indenture, dated December 19, 2018 (the “Indenture”), by and between the Company and U.S. Bank, National Association, as trustee. The Notes are not subject to any sinking fund and are not convertible into or exchangeable for any other securities or assets of the Company or any of its subsidiaries. The Notes are not subject to redemption at the option of the holder. The Notes are unsecured, subordinated obligations of the Company and rank junior in right to payment to the Company’s current and future senior indebtedness. The Notes were designed to qualify as Tier 2 capital for regulatory capital purposes.

The Indenture and form of Note are attached as Exhibit 4.1 and 4.2, respectively, to this Current Report on Form 8-K and are incorporated herein by reference. The foregoing descriptions of the Indenture and the Notes are summaries and are qualified in their entirety by reference to the Indenture and form of Notes.
