E.MERGENT, INC.

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2001 AND 2000

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NATURE OF BUSINESS - E.mergent, Inc. (the Company) is a provider of products and services for visual communication solutions. The Company sells its products and services through a global network of resellers and original equipment manufacturers.

Edgar Filing: CLEARONE COMMUNICATIONS INC - Form 8-K/A

The Company extends credit in the normal course of business to its customers who are generally companies in the videoconferencing, audio visual, medical, educational, and technology industries. The Company performs credit evaluations of its customers' financial condition and generally requires no collateral.

USE OF ESTIMATES - The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The Company's estimates consist principally of reserves for uncollectible accounts receivable, lower of cost or market inventory adjustments, product warranty, and the valuation of deferred tax assets.

FINANCIAL INSTRUMENTS - The fair value of the Company's accounts receivable, accounts payable, accrued expenses, line of credit and notes payable approximate their carrying value due to their short-term nature. The fair value of the Company's long-term debt approximates carrying value due to its variable interest rate.

REVENUE RECOGNITION - The Company recognizes revenue from product sales at the time of product shipment or at the completion of installation if customer acceptance is required. The Company transfers the risks and rewards of the products, including title, at this time.

The Company recognizes revenue on maintenance contracts ratably over the life of the contract.

Shipping and handling costs are recorded as sales, and the offsetting expense is recorded in cost of sales.

CASH AND CASH EQUIVALENTS - For purposes of the statement of cash flows, the Company considers all highly liquid investments with a maturity of three months or less at the time of purchase to be cash equivalents.

INVENTORIES - Materials, work-in-process, and finished goods are stated at the lower of moving average cost or market.

PROPERTY AND EQUIPMENT - Property and equipment are recorded at cost. Depreciation is computed over estimated useful lives using principally the straight-line method. Maintenance and repairs are charged to operations, and additions or improvements are capitalized. Items of property sold, retired, or otherwise disposed of are removed from the assets and accumulated depreciation accounts and any gains or loss on disposal are reflected in operations; major improvements and betterments are capitalized. The present values of capital lease obligations are classified as long-term debt and the related assets are included in machinery and equipment. Amortization of machinery and equipment under capital leases is included in depreciation expense.

AMORTIZATION OF INTANGIBLE ASSETS - Patents are being amortized using the straight-line method over seven years. Noncompete agreements are being amortized using the straight-line method over the 12-year life of the

Edgar Filing: CLEARONE COMMUNICATIONS INC - Form 8-K/A

agreement. Goodwill, representing the excess cost over net book value of acquired companies, is amortized using the straight-line method over 10 years.

RECOVERABILITY OF LONG-LIVED ASSETS - The Company reviews its long-lived assets periodically to determine potential impairment by comparing the carrying value of the assets with expected net cash flows expected to be provided by operating activities of the business or related products. Should the sum of the expected future net cash flows be less than the carrying value, the Company would determine whether an impairment loss should be recognized. An impairment loss would be measured by comparing the amount by which the carrying value exceeds the fair value of the asset based on the discounted cash flows expected to be generated by the asset. At December 31, 2001 and 2000, no impairment loss provision is required or recorded in the financial statements.

RESEARCH AND DEVELOPMENT COSTS - Research and development costs are charged to operations when incurred.

INCOME TAXES - Deferred income tax assets and liabilities are determined based on the differences between the financial statement and tax bases of assets and liabilities using tax rates in effect when the differences are expected to reverse. Income tax expense is the tax payable for the period and the change during the period in deferred income tax assets and liabilities.

EARNINGS PER COMMON SHARE - Basic net income per common share is based on the weighted average number of common shares outstanding during each year. Diluted net income per common share takes into effect the dilutive effect of potential common shares outstanding. The Company's only potential common shares outstanding are stock options and stock warrants, which resulted in a dilutive effect of 176,694 and 395,638 shares in 2001 and 2000, respectively. The total number of anti-dilutive stock options and warrants was 151,000 and 87,000 as of December 31, 2001 and 2000, respectively. The Company calculates the dilutive effect of outstanding options using the treasury stock method. The following data show the amounts used in computing the weighted average number of shares of dilutive potential common stock at December 31:

	2001	2000
Weighted average number of shares used		
in basic earnings per share	5,844,860	5,741,330
Effect of dilutive stock options	176,694	395,638
	-----	-----
	6,021,554	6,136,968
	=====	=====

DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES - On January 1, 2001, the Company adopted Statement of Financial Accounting Standards (SFAS) No. 133, ACCOUNTING FOR DERIVATIVE INSTRUMENTS AND HEDGING Activities, as amended by SFAS No. 138, ACCOUNTING FOR CERTAIN DERIVATIVE INSTRUMENTS AND CERTAIN HEDGING ACTIVITIES. SFAS No. 133 establishes accounting and reporting standards for derivative instruments and for hedging activities. It requires that all derivatives, including those embedded in other contracts, be recognized as either assets or liabilities and that those financial instruments be measured at fair value. The accounting for changes in the fair value of derivatives depends on their

Edgar Filing: CLEARONE COMMUNICATIONS INC - Form 8-K/A

intended use and designation. Management has reviewed the requirements of SFAS No. 133 and has determined that they have no freestanding or embedded derivatives. All contracts that contain provisions meeting the definition of a derivative also meet the requirements of, and have been designated as, normal purchases or sales. The Company's policy is to not use freestanding derivatives and to not enter into contracts with terms that cannot be designated as normal purchases or sales.

FOREIGN CURRENCY TRANSLATION - The functional currency is the U.S. dollar for each foreign country in which the Company operates. The Company's foreign offices act as distributors for the Company's products and services rather than as stand-alone entities.

RECLASSIFICATIONS - Certain amounts in the 2000 financial statements have been reclassified to conform to the 2001 financial statement presentation. These reclassifications had no effect on net income or stockholders' equity as previously reported.

10

2. ACQUISITIONS AND DISPOSITIONS

MEDCAM TECHNOLOGY, INC. - In February 2000, the Company sold certain assets acquired in 1998 as part of the Video Dynamics, Inc. (VDI) acquisition in exchange for \$108,000 payable over three years. In addition, the remaining related employment agreements were terminated along with a \$10,000 note payable.

As part of the agreement, the Company executed a \$150,000 note payable over 12 months to MedCam Technology, Inc. (MedCam), a new company started by the VDI founders, in exchange for a perpetual option to buy 20% of MedCam for \$1. In addition, a three-year reseller agreement was executed with MedCam, which entitles the Company to a 5% royalty on sales of the MedCam Pro and MedCam Pro Plus products. The Company accounts for its investment in MedCam using the cost method of accounting.

Edgar Filing: CLEARONE COMMUNICATIONS INC - Form 8-K/A

5. LINE OF CREDIT

9. STOCK-BASED COMPENSATION

Edgar Filing: CLEARONE COMMUNICATIONS INC - Form 8-K/A

shall not be less than 110% of the fair market value per share at the date of grant, and will expire no later than five years from the date of grant. In 2001 and 2000, the plan had authorized 575,000 options for the purchase of common stock.

The Company has a nonqualified incentive stock option plan for outside directors and nonemployees, with 500,000 authorized options to purchase the Company's stock. The plan is substantially the same as the plan discussed above. However, the exercise price may be lower than, greater than, or equal to the stock price at the date of issuance.

A summary of the Company's stock option plans as of December 31, 2001 and 2000 and changes during the years ended on those dates is listed below:

14. NEW ACCOUNTING STANDARDS

In June 2001, the Financial Accounting Standards Board (FASB) issued SFAS No. 141, BUSINESS COMBINATIONS, and SFAS No. 142, GOODWILL AND OTHER INTANGIBLE ASSETS. SFAS No. 141 eliminates the pooling-of-interests method of accounting for business combinations after June 30, 2001. SFAS No. 142 establishes new standards for accounting for goodwill and intangible assets and is effective for the Company on January 1, 2002. Management has not determined the impact that SFAS No. 142 will have upon adoption.

In June 2001, the FASB issued SFAS No. 143, ACCOUNTING FOR ASSET RETIREMENT OBLIGATIONS. SFAS No. 143 addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. SFAS No. 143 applies to legal obligations associated with the retirement of long-lived assets that result from the acquisition, construction, development, and/or the normal operation of a long-lived asset, except for certain obligations of lessees. SFAS No. 143 amends SFAS No. 19, FINANCIAL ACCOUNTING AND REPORTING BY OIL AND GAS PRODUCING COMPANIES. SFAS No. 143 is effective for the Company on January 1, 2003. Management is currently assessing what impact, if any, SFAS No. 143 will have on the Company's financial position or results of operations.

In August 2001, the FASB issued SFAS No. 144, ACCOUNTING FOR THE IMPAIRMENT OR DISPOSAL OF LONG-LIVED ASSETS. SFAS No. 144 addresses financial accounting and reporting for the impairment or disposal of long-lived assets and supersedes SFAS No. 121, ACCOUNTING FOR THE IMPAIRMENT OF LONG-LIVED ASSETS AND FOR LONG-LIVED ASSETS TO BE DISPOSED OF, and the accounting and reporting provisions of Accounting Principles Board Opinion No. 30, REPORTING THE RESULTS OF OPERATIONS - REPORTING THE EFFECTS OF DISPOSAL OF A SEGMENT OF A BUSINESS, AND EXTRAORDINARY, UNUSUAL, AND INFREQUENTLY OCCURRING EVENTS AND TRANSACTIONS, for the disposal of a segment of a business (as previously defined in that Opinion). SFAS No. 144 also amends Accounting Research Bulletin No. 51,

Edgar Filing: CLEARONE COMMUNICATIONS INC - Form 8-K/A

CONSOLIDATED FINANCIAL STATEMENTS, to eliminate the exception to consolidation for a subsidiary for which control is likely to be temporary. SFAS No. 144 was effective for the Company on January 1, 2002. The Company does not expect SFAS No. 144 to have a material effect on the Company's financial position or results of operations.

15. SUBSEQUENT EVENT

On January 21, 2002, the Company signed a merger agreement with ClearOne Communications, Inc. (formerly Gentner Communications Corporation) (ClearOne) for total consideration of \$7,300,000 in cash and 873,000 ClearOne shares. In the merger, each share of company common stock will be exchanged for a fraction of a share of ClearOne Common Stock and a fixed amount of cash, calculated at completion of the merger. Under the merger agreement, the Company will become a wholly owned subsidiary of ClearOne. Following regulatory and shareholder approval, the merger is expected to be completed in April 2002.

FOOTNOTES TO CONDENSED FINANCIAL STATEMENTS

NOTE 1. BASIS OF PRESENTATION

The condensed balance sheets as of March 31, 2002, the condensed statements of operations and cash flows for the three-month periods ended March 31, 2002 and 2001 have been prepared by E.mergent, Inc. (for the purposes of Notes 1 to 6 below, "are" or the "Company") without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations, and cash flows at March 31, 2002 and 2001 have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. It is suggested these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's December 31, 2001 Form 10KSB. The results of operations for the periods ended March 31, 2002 and 2001 are not necessarily indicative of the operating results for the entire year.

NOTE 2. NEW ACCOUNTING STANDARDS

In June 2001, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standard (SFAS) No. 142, GOODWILL AND OTHER INTANGIBLE ASSETS. This statement requires that goodwill and intangible assets deemed to have an indefinite life not be amortized. Instead of amortizing goodwill and intangible assets deemed to have an indefinite life, the statement requires a test for impairment to be performed annually, or immediately if conditions indicate that such an impairment could exist. We adopted the provisions of SFAS No. 142 effective January 1, 2002, and as a result, will no longer record goodwill amortization of approximately \$132,000 per year. We are currently in the process of completing the first step of the initial goodwill impairment test required by SFAS No. 142 and will complete this assessment in the second quarter of 2002.

The following table provides the comparable effects of the adoption of

Edgar Filing: CLEARONE COMMUNICATIONS INC - Form 8-K/A

SFAS No. 142 for the quarters ended March 31, 2002 and March 31, 2001.

In June 2001, the FASB issued SFAS No. 143, ACCOUNTING FOR ASSET RETIREMENT OBLIGATIONS. SFAS No. 143 addresses financial accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated asset retirement costs. SFAS No. 143 applies to legal obligations associated with the retirement of long-lived assets that result from the acquisition, construction, development, and/or the

21

normal operation of a long-lived asset, except for certain obligations of lessees. SFAS No. 143 amends SFAS No. 19, FINANCIAL ACCOUNTING AND REPORTING BY OIL AND GAS PRODUCING COMPANIES. SFAS No. 143 is effective for the Company on January 1, 2003. Management is currently assessing what impact, if any, SFAS No. 143 will have on the Company's financial position or results of operations.

In August 2001, the FASB issued SFAS No. 144, ACCOUNTING FOR THE IMPAIRMENT OR DISPOSAL OF LONG-LIVED ASSETS. SFAS No. 144 addresses financial accounting and reporting for the impairment or disposal of long-lived assets and supersedes SFAS No. 121, ACCOUNTING FOR THE IMPAIRMENT OF LONG-LIVED ASSETS AND FOR LONG-LIVED ASSETS TO BE DISPOSED OF. SFAS No. 144 was effective for the Company on January 1, 2002. The Company does not expect SFAS No. 144 to have a material effect on the Company's financial position or results of operations.

NOTE 3. INCOME PER COMMON SHARE

Basic earnings per share is computed by dividing net income by the weighted average number of shares of common stock outstanding during the year. Diluted earnings per common share is similar to the computation of basic earnings per share, except that the denominator is increased for the assumed exercise of dilutive options using the treasury stock method. Stock options and warrants of 295,350 for 2002 and 222,252 for 2001 were not used in the calculation because their impact would have been anti-dilutive due to the net

Edgar Filing: CLEARONE COMMUNICATIONS INC - Form 8-K/A

loss incurred for those periods. The components of the earnings per share are as follows:

	THREE MONTHS ENDING MARCH 31,

Weighted average common shares outstanding for		
Basic earnings per share	5,930,280	5,774,378

NOTE 4. LINE OF CREDIT

At March 31, 2002, the Company has available a \$2,750,000 bank revolving note, secured by substantially all assets, that expires June 30, 2002. Interest is computed on actual days elapsed, at an annual rate equal to the prime rate as quoted by THE WALL STREET JOURNAL. At March 31, 2002 the interest rate was 4.75%. The note is payable on demand. The terms of the note require the Company to maintain certain financial ratios. The Company was in compliance with all covenants as of March 31, 2002. The Company did not have any borrowings on March 31, 2002.

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION OF CLEARONE

The following unaudited pro forma condensed combined financial information gives effect to the acquisitions of Ivron Systems, Ltd. and E.mergent by ClearOne and the December 2001 private placement of ClearOne common stock. Effective October 3, 2001, ClearOne, through a wholly owned subsidiary, acquired the shares of Ivron Systems for a combination of cash and stock. An amendment to the share purchase agreement dated October 3, 2001 was finalized April 8, 2002. Because the terms of the amendment had been negotiated as of March 31, 2002, the effects of such amendment were included in ClearOne's financial statements as of March 31, 2002. Effective December 11, 2001, ClearOne issued 1,500,000 shares of common stock under a private placement that were subsequently registered on Form S-3 with the Securities and Exchange Commission. The only impact of this stock offering on the pro forma statements of operations is the inclusion of 1,500,000 shares in the calculation of the weighted average shares outstanding. On January 21, 2002, ClearOne entered into a definitive agreement to acquire the stock of E.mergent for a combination of cash and stock. The E.mergent acquisition was completed on May 31, 2002. Both the Ivron Systems

Edgar Filing: CLEARONE COMMUNICATIONS INC - Form 8-K/A

and E.mergent acquisitions have been accounted for under the purchase method of accounting. The unaudited pro forma condensed combined statements of operations for the year ended June 30, 2001 and the nine months ended March 31, 2002 have been prepared as if each transaction occurred on July 1, 2000. The pro forma condensed combined balance sheet as of March 31, 2002 has been prepared as if the E.mergent acquisition occurred on March 31, 2002. Because the financial results of Ivron Systems and the private placement are included in ClearOne's historical financial statements as of March 31, 2002, no adjustments have been made to the pro forma balance sheet related to these transactions. Please see the notes to these pro forma combined condensed statements regarding certain assumptions utilized in the preparation of these statements. ClearOne's fiscal year ends on June 30 while the fiscal years of Ivron Systems and E.mergent historically ended on December 31. Accordingly, ClearOne has combined its historical results from continuing operations for the year ended June 30, 2001 with the unaudited financial results of Ivron Systems and E.mergent for the twelve months ended June 30, 2001, comprising the last six months of operations of Ivron Systems and E.mergent for the year ended December 31, 2000 and the first six months of operations of Ivron Systems and E.mergent for the year ended December 31, 2001. The unaudited pro forma condensed combined statement of operations presented for the nine months ended March 31, 2002 includes the historical unaudited financial results from continuing operations of ClearOne and E.mergent for the nine months ended March 31, 2002. The historical unaudited financial results from continuing operations of Ivron Systems are included from July 1, 2000 to October 2, 2001, with the results from October 3, 2001 to March 31, 2002 already consolidated in ClearOne's operating results.

Unaudited pro forma condensed combined financial information is presented for illustrative purposes only and is not necessarily indicative of the financial position or results of operations that would have actually been reported had the transactions occurred on the dates indicated above, nor is it necessarily indicative of future financial position or results of operations. These unaudited pro forma condensed combined financial statements are based on the respective historical financial statements of ClearOne, Ivron Systems and E.mergent and do not incorporate, nor do they assume, any benefits from cost savings or synergies of operations of the combined company. The unaudited pro forma condensed combined financial information should be read together with ClearOne's historical financial statements and those of Ivron Systems and E.mergent, including the related notes, and "Management's Discussion and Analysis of Financial Condition and Results of Operations" of ClearOne, all of which are included in filings that have been previously filed with the Securities and Exchange Commission.

The pro forma financial statements include adjustments, which are based upon the final determination of the identifiable intangible assets acquired from E.mergent and certain other management estimates, to reflect the allocation of the purchase consideration to the acquired assets and liabilities of E.mergent. Notes to Unaudited Pro Forma Condensed Combined Financial Information

NOTE 1.

On October 3, 2001, ClearOne executed a share purchase agreement, as amended on April 8, 2002, with the shareholders of Ivron Systems. ClearOne paid cash of \$6,000,000 for all of the issued and outstanding shares of Ivron Systems, cash of \$650,000 for all outstanding options to purchase common shares of Ivron Systems, and incurred acquisition costs of \$274,000 in the transaction. Additional consideration may be issued to Ivron Systems' shareholders if certain contingencies related to future earnings targets as defined in the share purchase agreement are met. The following is a summary of the purchase price allocation using the October 3, 2001 balance sheet of Ivron Systems (in 000's):

Cash	\$	460
Accounts receivable		132

On January 21, 2002, ClearOne entered into a definitive agreement to acquire E.mergent. This acquisition was completed on May 31, 2002. Under the terms of the agreement, ClearOne acquired all of the issued and outstanding stock of E.mergent; thereby acquiring title to all assets and assuming all liabilities of E.mergent. As consideration in the transaction, ClearOne paid cash of \$7,300,000 and issued 873,000 shares of its common stock, less the aggregate number of shares of common stock allocated to E.mergent's outstanding stock options assumed by ClearOne in the merger because, in accordance with the agreement and plan of merger, the 873,000 shares of ClearOne common stock were allocated first to E.mergent stock options being assumed by ClearOne. Outstanding E.mergent stock options were converted to options to purchase 4,158 shares of ClearOne's common stock at the ratio specified in the agreement and plan of merger. The value of the stock consideration paid to E.mergent shareholders used in determining the purchase price for accounting purposes was based on ClearOne's average closing price two days prior to and two days subsequent to January 21, 2002 (the announcement date for the acquisition) of \$16.55. Additionally, ClearOne incurred transaction costs of approximately

Edgar Filing: CLEARONE COMMUNICATIONS INC - Form 8-K/A

\$1,071,000 in connection with the acquisition. This includes approximately \$418,000 for severance payments to terminating E.mergent executives and approximately \$51,000 of anticipated severance payments to other terminating E.mergent employees, as well as approximately \$602,000 related to professional advisory, legal and accounting fees. E.mergent incurred transaction related costs of approximately \$926,000. These costs have been reflected as a reduction of E.mergent's cash balance as of March 31, 2002. The following is a summary of the purchase price allocation using the March 31, 2002 balance sheet of E.mergent (in 000's):

Cash	\$ 579
Accounts receivable	3,144
Inventory	3,605
Fixed assets	443
Other assets	693
Goodwill	16,897
Other intangible assets	1,667
Accounts payable	(1,548)
Accrued expenses and customer deposits	(473)
Unearned maintenance contracts	(1,007)
Other liabilities	(625)
Capital leases and long-term debt	(578)

Total	\$ 22,797
	=====

The purchase price was determined as follows:

Cash paid to E.mergent shareholders	\$ 7,300
Value of ClearOne common stock issued to E.mergent shareholders (868,842 shares x \$16.55)	14,379
Fair value of ClearOne options issued to E.mergent option holders, determined using the Black-Scholes model	47
Acquisition costs to be paid by ClearOne	1,071

Total purchase price	\$ 22,797
