Item 1.01. Entry Into a Material Definitive Agreement.

On July 29, 2006, MDI Oncology, Inc. (MDIO), a subsidiary of Medical Discoveries, Inc. (the Company) entered into a Definitive Master Agreement (the Agreement) with Eucodis Forschungs und Entwicklungs GmbH of Vienna, Austria (Eucodis). Pursuant to the Agreement, MDIO licenced to Eucodis the exclusive right to develop, manufacture and commercialize MDIO s formestane cream product in the European Union and certain surrounding countries. Eucodis is obligated to develop the products through Phase II clinical trials as per U.S. Food and Drug Administration and European Medicines Agency standards. If the product is not out-licensed by Eucodis following Phase II, then a Steering Committee created by the parties will determine whether and how to proceed to Phase III trials.

According to the Agreement, MDIO will receive upfront license fees and milestone payments of approximately \$2.5 million, plus royalties. In addition, MDIO has retained the right to complete a global out-license of the product upon certain payments to Eucodis.

Finally, Eucodis has agreed to be responsible for manufacturing all product necessary for trials and MDIO has agreed to purchase product from Eucodis.

Item 8.01. Other Events.

On August 3, 2006, the Company issued a press release regarding the Agreement. A copy of that press release is attached as Exhibit 99.1 to this Form 8-K.
