GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

This proxy statement and the proxy are solicited on behalf of the Board of Directors, referred to as the “Board”, of Flexsteel Industries, Inc. to be used at the Annual Meeting of Shareholders to be held on Monday, December 4, 2017, and any adjournments or postponements of the meeting, for the purposes set forth in the notice of meeting accompanying this proxy statement. The Company will pay the cost of the solicitation of proxies.

The mailing address of the corporate office and principal executive office of the Company is P.O. Box 877, Dubuque, IA 52004-0877. The approximate date on which this proxy statement and accompanying proxy card are first available to shareholders is October 25, 2017.

Meeting Purposes

At the meeting, shareholders will elect three (3) Class I directors, Karel K. Czanderna, Thomas M. Levine and Robert J. Maricich for three-year terms expiring at the shareholders meeting in 2020. We are asking shareholders to consider a proposal to amend Article V, Section 3 of our Amended and Restated Bylaws to provide that a person must be less than age 72 to be elected or appointed as a director. We do not expect that any other business, except for routine or procedures matters, will be brought up at the meeting. If any other business is properly brought up at the meeting, the persons named in the enclosed proxy will have authority to vote on these matters at their discretion.

Proxy Materials Available on Internet

In an effort to reduce the cost of delivering the proxy materials to our shareholders, we are making the materials available to our shareholders on the Internet. On October 25, 2017, we sent shareholders a one-page “Notice of Internet

Edgar Filing: FLEXSTEEL INDUSTRIES INC - Form DEF 14A

Availability of Proxy Materials,” which included instructions on how to access our proxy materials on the Internet. The proxy materials, consisting of this proxy statement and our fiscal 2017 annual report to shareholders, are available at www.proxyvote.com. The Notice of Internet Availability of Proxy Materials also provides instructions on how to vote your shares. By making the materials available through the Internet, we expect to reduce our costs, conserve natural resources, and expedite the delivery of the proxy materials. However, if you prefer to receive hard copies of the proxy materials, please follow the instructions included on the Notice of Internet Availability of Proxy Materials.

Voting

Only shareholders of record at the close of business on October 10, 2017, the record date, will be eligible to vote. There is only one class of stock entitled to vote at the meeting, our common stock, \$1.00 par value, of which there were 7,845,269 shares outstanding on the record date. A quorum, which is a majority of the outstanding shares, is needed to conduct a meeting. Each share is entitled to one vote for each director position; cumulative voting is not available. We encourage you to vote by telephone or on the Internet. If your shares are held in your name, you can vote by telephone or on the Internet by following the instructions on the proxy card or as explained in the Notice of Internet Availability of Proxy Materials. If you are a beneficial holder with your shares held in the name of your broker, bank, or other financial institution, you will receive telephone or Internet voting instructions from the institution. If you received a paper copy of the proxy materials, you may vote your shares by signing and dating each proxy card you received and returning the cards in the enclosed envelope. The proxies will be voted according to your directions on the proxy card. If you return a signed card without specifying your vote, your shares will be voted:

FOR the election of Karel K. Czanderna, Thomas M. Levine, and Robert J. Maricich (Proposal I).

FOR approval to amend Article V, Section 3 of our Amended and Restated Bylaws to provide that a person must be less than age 72 to be elected or appointed as a director (Proposal II).

If you sign and return your proxy card, your shares will be voted on any other business that properly comes before the meeting as determined by the persons named in the proxy. We urge you to sign, date, and return your proxy card promptly, or vote by telephone or on the Internet, even if you plan to attend the meeting in person. If you do attend in person, you will be able to vote your shares at the meeting even if you previously signed a proxy card or voted by telephone or on the Internet. However, if you hold your shares in street name you must request a legal proxy from your broker or nominee to vote in person at the Annual Meeting.

Shares Held by Broker

If you hold your shares through a broker, bank, or other financial institution, you will receive your proxy materials and voting instructions from the institution. Under New York Stock Exchange rules, your broker, bank, or financial institution will not vote your shares for any of the proposals without your specific instructions. To ensure your vote is counted, you must provide directions to your broker, bank, or financial institution by following its instructions.

Changing Your Vote

If you wish to change your vote, you may do so by submitting a new vote by proxy, telephone, Internet, or in person at the meeting. A later vote will cancel an earlier vote. For example, if you vote by Internet and later vote by telephone, the telephone vote will count, and the Internet vote will be canceled. If you wish to change your vote by mail, you should request a new proxy card from our Secretary at P.O. Box 877, Dubuque, Iowa 52004-0877. Your last vote received before the meeting will be the only one counted. You may also change your vote by voting in person at the meeting. Your vote at the meeting will count and cancel any previous vote.

Vote Required

Votes cast by proxy or in person will be counted by the inspector of election appointed for the meeting who will be present at the meeting. The affirmative vote of a plurality of the shares of common stock present in person or represented by proxy at the meeting and entitled to vote is required for the election of the director nominees named in this proxy statement. In determining a quorum, a “WITHHELD” vote will be counted, but will not be voted in favor of the nominee with respect to whom authority has been withheld. The three nominees that receive the highest number of “FOR” votes will be elected.

Edgar Filing: FLEXSTEEL INDUSTRIES INC - Form DEF 14A

To be approved, amending Article V, Section 3 of our Amended and Restated Bylaws to provide that a person must be less than age 72 to be elected or appointed as a director, requires a majority vote from shareholders.

While the Board knows of no other matter to be presented at the meeting or any adjournment or postponement of the meeting, all proxies returned to the Company will be voted on any such matter in accordance with the judgment of the proxies.

Number of Copies Sent to Household

For two or more shareholders sharing the same address, that do not participate in the electronic delivery of proxy materials, we only send your household a single copy of our annual report and proxy statement unless you previously withheld your consent to "householding" or instruct us otherwise. Householding saves us the expense of mailing duplicate documents to your home and conserves our natural resources, and we hope that receiving one copy rather than multiple copies is more convenient for you. However, we will promptly provide additional copies of our fiscal 2017 annual report or this proxy statement to the other shareholders in your household if you send a written request to: Office of the Secretary, Flexsteel Industries, Inc., P.O. Box 877, Dubuque, Iowa 52004-0877, or you may call us at 563-585-8392 to request additional copies. Copies of the annual report, proxy statement, and other reports we file with the SEC are also available on our website at <http://www.flexsteel.com/content/investors> or through the SEC's website at www.sec.gov.

You may revoke your consent to householding at any time by contacting Broadridge Financial Solutions, Inc., either by calling toll-free 866-540-7095, or by writing to Broadridge Financial Solutions, Inc., Householding Department, 51 Mercedes Way, Edgewood, New York 11717.

PROPOSAL II

APPROVAL OF AMENDMENT TO THE AMENDED AND RESTATED

BYLAWS

The Company is proposing an amendment to its Amended and Restated Bylaws to provide that a person must be less than age 72 to be elected or appointed as a director. The Amended and Restated Bylaws currently provide that a person's position as a director terminates automatically at age 70.

The Board of Directors believes it is in the best interest of the Company to change director age eligibility to be more consistent with current trends based on data available from the National Association of Corporate Directors and from SpencerStuart. In addition, the current age limitation could have the undesirable result of a director being terminated mid-term. The change in director age eligibility will also provide additional continuity of leadership to the Board of Directors while minimally impacting the goal of periodic Board refreshment. The Nominating and Governance Committee considers the annual board member evaluations when making re-nomination decisions.

Assuming Mr. Levine and Mr. Maricich are re-elected to the Board under Proposal I, if this Proposal II is approved, they would be able to complete their entire term and be eligible for re-election for a final term thereafter.

Any future change to director age eligibility will continue to be subject to the approval of two-thirds of the entire Board of Directors and as required by Minnesota law, the approval of shareholders.

Our Board recommends that Article V, Section 3 of the Amended and Restated Bylaws be amended to read as follows:

“No person may be elected or appointed to serve as a Director of the company unless that person is less than seventy-two years of age. This provision may be altered, amended, modified or repealed only by the affirmative vote of two-thirds of the entire Board of Directors.”

The Board recommends a vote FOR the proposal to approve the amendments to the Amended and Restated Bylaws. Unless otherwise specified, the proxies solicited by the Board will be voted FOR the proposal.

CORPORATE GOVERNANCE

Board of Directors

Our Board of Directors is currently comprised of eight members. During the fiscal year ended June 30, 2017, four meetings of the Board were held. All of the directors of the Company attended 100% of the meetings of the Board and 75% or more of the committee meetings on which they served. The Company does not have a formal policy regarding attendance by Board members at the Company's annual meeting, but the Board encourages all its members to attend the annual meeting of shareholders. All members of the Board of Directors attended the prior year's annual meeting.

The Board has determined that the following directors, which constitute a majority of the Board of Directors, are independent directors as defined by The NASDAQ Stock Market listing standards: Mary C. Bottie, Michael J. Edwards, Thomas M. Levine, Robert J. Maricich, Eric S. Rangen and Nancy E. Uridil. The independent directors meet periodically in executive session as part of a Board meeting.

Board Leadership Structure

The Board elected an independent director, Mr. Rangen, to serve as Chair of the Board. Our Bylaws provide that the Chair of the Board may be an independent director or the Chief Executive Officer of the Company. In making leadership determinations, the Board considers many factors including the specific needs of the business and what is in the best interest of our shareholders. The Board believes that presently it is in the best interest of the Company that the positions of Chair of the Board and Chief Executive Officer are separate. The Board believes that this separation is presently appropriate as it allows the Chief Executive Officer to focus primarily on strategy, leadership and execution of operations while the Chair of the Board can focus on leading the Board.

Ability of Shareholders to Communicate with the Board of Directors

The Board has provided the means by which shareholders may send communications to the Board or to individual members of the Board. Such communications, whether by letter, email or telephone should be directed to the Secretary of the Company who will forward them to the intended recipients. Unsolicited advertisements or invitations to conferences or promotional material, in the discretion of the Secretary, may not be forwarded to the directors.

Risk Oversight

The Board of Directors is responsible for consideration and oversight of risks facing Flexsteel. Together with the Board's standing committees, the Board is responsible for ensuring that material risks are identified and managed appropriately. The Board and its committees regularly review strategic, operational, financial, compensation and compliance risks with senior management. The Audit and Ethics Committee establishes, reviews and periodically updates the Guidelines for Business Conduct to ensure compliance with all applicable rules and regulations, and that management has established a system of enforcement. The Audit and Ethics Committee regularly evaluates financial and accounting risk exposures and the controls management has implemented. The Compensation Committee considers risks in the design of compensation programs for our executives. The Nominating and Governance Committee is responsible for identification, monitoring, and disclosure of enterprise risks and reviewing insurance programs.

Committees of the Board

Subject to our Bylaws, applicable law and regulatory requirements, the Board may establish additional or different committees from time to time. Our Board of Directors has established three standing committees: Audit and Ethics Committee, Compensation Committee, and Nominating and Governance Committee. The charters of all three committees are available at www.flexsteel.com in the Investors section. The principal duties of the three committees are set forth below.

Audit and Ethics Committee – Appoints and confers with the independent registered public accounting firm on various matters, including the scope and results of the audit; authorizes special reviews or audits; reviews and approves quarterly and annual SEC filings; reviews internal auditing procedures and the adequacy of internal controls; and reviews policies and practices relating to compliance with laws, conflicts of interest and ethical standards of the Company. The Committee held four meetings during the fiscal year ended June 30, 2017. The Committee members are Thomas M. Levine - Chair, Michael J. Edwards and Robert J. Maricich. The Board has determined that all three members of the Audit and Ethics Committee qualify as "audit committee financial experts" within the meaning of the Securities Exchange Act of 1934, as amended, referred to as the "1934 Act".

Compensation Committee – Reviews performance, compensation and benefits of all executive officers; approves all equity compensation; develops and maintains succession planning policies and criteria for executive officers; and makes recommendations regarding Board compensation. The Committee held two meetings during the fiscal year ended June 30, 2017. The Committee members are Mary C. Bottie - Chair, Michael J. Edwards, Robert J. Maricich and Nancy E. Uridil.

Nominating and Governance Committee – Recommends directors and reviews qualifications of director candidates; evaluates Board and individual Director performance; develops and recommends a succession plan for the Board; reviews and recommends the practices, policies and procedures of the Board; conducts new Board member orientation and ongoing education for Board members; and reviews corporate responsibility, diversity and sustainability. The Committee held four meetings during the fiscal year ended June 30, 2017. The Committee members are Nancy E. Uridil - Chair, Mary C. Bottie and Thomas M. Levine.

Code of Ethics

The Company has a written code of ethics titled *Guidelines for Business Conduct*. The code of ethics applies to the Company's directors and employees including the Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer. Related Party Transaction Policy

The Audit and Ethics Committee of the Board of Directors has adopted a written policy regarding transactions with related parties. In accordance with the policy, the Audit and Ethics Committee is responsible for the review and approval of all transactions with related persons that are required to be disclosed under the rules of the Securities and Exchange Commission. Under the policy, a "related person" includes any of the Flexsteel directors or executive officers, certain shareholders and any of their respective immediate family members. The policy applies to transactions in which Flexsteel is a participant, the amount involved exceeds \$120,000 and a related person has a direct or indirect material interest. Under the policy, all material information related to any covered transaction is to be disclosed to the Audit and Ethics Committee. The Audit and Ethics Committee may use any process and review any information that it determines is reasonable under the circumstances in order to determine whether the covered transaction is fair and reasonable, on terms no less favorable to Flexsteel than could be obtained in a comparable arms-length transaction with an unrelated third party and in the best interests of Flexsteel.

Compensation Committee Interlocks and Insider Participation

The current members of the Company's Compensation Committee are Mary C. Bottie - Chair, Michael J. Edwards and Nancy E. Uridil, none of which is, or has been, an officer of the Company. Robert J. Maricich is also a member of the Compensation Committee and served as an officer of the Company from May 1, 1989 to July 12, 1989. No executive officer of the Company served as a director of another entity that had an executive officer serving on the Company's compensation committee. No executive officer of the Company served as a member of the compensation committee of another entity which had an executive officer who served as a director of the Company.

Stock Option Granting Policy

The Compensation Committee has formalized its stock option granting practices by adopting a policy for the grant of stock options. The policy reflects the Compensation Committee's long-standing approach to stock option grants described in the Compensation Discussion & Analysis section under Omnibus Stock Plan. In addition, the policy provides, among other things, that all grants of stock options must be approved by the Compensation Committee or its designee; stock options may not be granted to a current director, officer or employee during any quarterly or other blackout period as defined in our insider trading policy; the exercise price for the stock option will be equal to the last sale price per share of our common stock as reported on The NASDAQ Stock Market on the grant date; specifies procedures for granting stock options to newly hired executives; and that any program, plan or practice to time or select the grant dates of stock options in coordination with the release by us of material non-public information is prohibited.

Stock Ownership Guidelines

The Board adopted Stock Ownership Guidelines for its Section 16 executive officers, non-employee directors of the Board, officers of the Company, and all other employees that receive stock based compensation. These individuals are expected to accumulate Flexsteel shares of common stock valued in the following amounts:

Directors: Three times annual director cash compensation

Executive Officers: Two times base salary

Officers: Base salary

Key Associates: One-half of base salary

Ownership includes direct ownership, joint ownership by participant or their spouse, and indirect ownership through a trust, partnership, limited liability company or other entity for the benefit of the participant or spouse. In addition, ownership includes restricted stock awards and intrinsic value of unexercised stock options acquired under Flexsteel's equity plans.

Policy on Securities Trading - Hedging and Pledging

As part of its *Policy Statement on Securities Trading and Communications with Outsiders* (Regulation FD), Flexsteel prohibits Directors and officers from using any strategies or products (including "put" or "call" options or "selling short" techniques) to hedge against potential changes in the value of Flexsteel common stock. In addition, Directors and officers may not pledge Flexsteel common stock as collateral.

Nominating Matters

The Nominating and Governance Committee of the Board of Directors is responsible for making recommendations to the Board concerning nominees for election as directors and nominees for Board vacancies. When assessing a director candidate's qualifications, the Nominating and Governance Committee considers current and future strategic needs of

the company and the candidate's expertise in finance, general management, human resources, legal, marketing, sales, operations, manufacturing, supply-chain, company culture, and their independence, high ethical standards, and uncompromising integrity. In addition, the Nominating and Governance Committee looks at the overall composition of the Board and how a candidate would contribute to the overall synergy and collaborative process of the Board. The Nominating and Governance Committee has not established specific minimum eligibility requirements for candidates other than high ethical standards, uncompromising integrity, commitment to act in the best interests of the shareholders, requirements relating to age and ensuring that a majority of the board remains independent.

In addition to the considerations described above, our Nominating and Governance Committee considers diversity in its evaluation of candidates for Board membership. Although the Company has no formal diversity policy, the Board believes that diversity with respect to factors such as background, experience, skills, race, gender and national origin is an important consideration in board composition. The Nominating and Governance Committee discusses diversity considerations in connection with each candidate, as well as on a periodic basis in connection with the composition of the Board as a whole.

If the Nominating and Governance Committee approves a candidate for further review following an initial screening, the Nominating and Governance Committee will establish an interview process for the candidate. Generally, the candidate will meet with the members of the Nominating and Governance Committee, along with the Chief Executive Officer. Contemporaneously with the interview process, the Nominating and Governance Committee will conduct a comprehensive conflicts-of-interest assessment of the candidate. The Nominating and Governance Committee will also take into consideration the candidate's personal attributes, including integrity, loyalty to and concern for the success and welfare of the Company and its shareholders, willingness to apply sound and independent business judgment, awareness of a director's role in good corporate citizenship and image, time available for meetings and Company matters, and willingness to assume fiduciary responsibility. The Nominating and Governance Committee will conduct a background check and consider all available information in determining whether to recommend the candidate to the full Board.

Recommendations for candidates to be considered for election to the Board at our annual shareholder meetings may be submitted to the Nominating and Governance Committee by our shareholders. Candidates recommended by our shareholders will be considered under the same standards as candidates that are identified by the Nominating and Governance Committee. Any nominations for director to be made at an annual meeting of shareholders must be made in accordance with the requirements described in the section of this Proxy Statement entitled Proposals by Shareholders. To enable the committee to evaluate the candidate's qualifications, shareholder recommendations must include the following information:

The name, age, business address and, if known, residence address of each nominee proposed in such notice;

The principal occupation or employment of each such nominee; and

The number of shares of stock of the Company, which are beneficially owned by each such nominee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and certain officers and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file. Based on its review of the copies of such reports received by it, the Company believes that during fiscal year 2017, all filing requirements applicable to its executive officers, directors and owners of more than 10% of the Company's common stock have been met.

Audit and Ethics Committee Report

The Audit and Ethics Committee has reviewed and discussed the audited financial statements with management. The Audit and Ethics Committee has discussed with Deloitte & Touche LLP, the Company's independent registered public accounting firm, the matters required to be discussed by Auditing Standard No. 16, Communications with Audit Committees, as adopted by the Public Company Accounting Oversight Board. The Audit and Ethics Committee has received the written disclosures and the letter from Deloitte & Touche LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte & Touche LLP's communications with the Audit and Ethics Committee concerning independence and has discussed with Deloitte & Touche LLP the firm's independence. Based on the review and discussions referred to above in this report, the Audit and Ethics Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing with the SEC.

This report has been prepared by members of the Audit and Ethics Committee. Members of this Committee are:

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis explains the material elements of the compensation of the Company's named executive officers and describes the objectives and principles underlying the Company's executive compensation program and decisions made for fiscal 2017. The Compensation Committee of the Board of Directors, referred to as the "Committee", is responsible for establishing the policies and programs for compensating the officers listed in the Summary Compensation Table below, referred to as "named executive officers". The Committee is comprised of independent directors as defined in The NASDAQ Stock Market listing standards. The Committee also has oversight responsibility of our cash incentive compensation plan, stock plans, long-term incentive plan and other benefit plans for our named executive officers.

Compensation Philosophy and Objectives. We believe it is in our shareholders' interests to attract, motivate and retain highly qualified individuals in critical positions by providing competitive compensation opportunities. Our guiding compensation principles endeavor to align executive compensation with our strategic objectives and financial performance. We believe that our compensation programs are aligned with our strategic objectives. Most importantly, we believe that our executive compensation programs appropriately link pay to performance and are well aligned with the long-term interests of our shareholders. We further believe that our executive compensation principles have resulted in executive compensation decisions that have appropriately recognized executive performance which have benefited the Company and our shareholders and are expected to drive long-term shareholder value. The following list provides the guiding principles of our compensation programs:

Attract, develop and retain highly competitive leaders;

Link pay to performance;

Incent executives to grow the business and increase shareholder value;

Reward team and individual results;

Make a significant level of total target compensation variable;

Compete with our peer group;

On aggregate, high performers base salary will be higher than the peer set;

Our Compensation Plans will be easy to understand and administer without compromising the Plans; and

Support the overall business objectives and strategy.

Key compensation decisions made by the Committee include:

Salary and incentives in our executive officer compensation programs are targeted to the median of our peer group, for commensurate performance;

Edgar Filing: FLEXSTEEL INDUSTRIES INC - Form DEF 14A

Annual cash incentive and long-term incentives are based on performance, requiring the achievement of pre-determined individual financial and non-financial goals, which drive shareholder value; and

A limited number of perquisites are offered.

At the 2016 shareholders' meeting, our shareholders approved an advisory (non-binding) proposal concerning our fiscal 2016 executive compensation program with approximately 95% of the votes cast in favor of the proposal. The Committee interprets this vote as an affirmation of the Company's executive compensation program. The Committee stays current with relevant compensation practices to continuously improve compensation plans and align executive compensation with the interests of shareholders. Our shareholders also approved our recommendation to perform a say-on-pay vote every three years. The next advisory vote on executive compensation will occur at the 2019 Annual Shareholders' Meeting.

Competitive Positioning and Compensation Consultant. The Committee regularly reviews executive compensation levels to ensure we will be able to attract and retain the caliber of executives needed to run our business and that pay for executives is reasonable and appropriate relative to market practice. The Committee periodically completes an in-depth analysis of the Company's compensation philosophy and structure, including the level of various compensation components, such as salary, annual incentive, and long-term incentive opportunities among peer group companies assisted by an independent compensation consulting firm. The most recent survey was completed for the Committee in early 2017 with the assistance of the independent consulting firm of Meridian Compensation Partners, LLC, referred to as "Meridian," which was hired by the Committee. Meridian benchmarked named executive officer pay opportunities against the external market and focused the analysis on pay program opportunities and structure, rather than amounts actually realized by named executives. Meridian evaluated the market competitiveness of Flexsteel executives in the following categories: base salary, target annual incentives, target total cash compensation (base salary plus target annual incentives), grant date value of long-term incentives, and target total compensation (target total cash plus long-term incentives). Flexsteel's executive compensation was compared with size-adjusted market data from a customized group of companies. Meridian identified and the Committee approved 13 peer companies for use in executive compensation reviews as follows:

American Woodmark Corporation Kimball International, Inc.

Bassett Furniture Industries, Inc. Knoll, Inc.

Culp, Inc. La-Z-Boy Incorporated

Dixie Group, Inc.

Lifetime Brands, Inc.

Ethan Allen Interiors Inc.

Patrick Industries, Inc.

Hooker Furniture Corporation

Select Comfort Corporation

Johnson Outdoors Inc.

Role of Executives in Establishing Compensation. Our Chief Executive Officer plays an integral role in recommending compensation for named executive officers (including base salary and performance-based annual and long-term cash and equity compensation). Our Chief Executive Officer participates in Committee meetings to provide background information on our business, financial and operational objectives, and annually reviews the performance of each executive officer based on their contributions to achieving our business, financial and operational objectives and recommends compensation for our executive officers. Committee members also develop their own opinions on the annual performance of our executive officers based on their interactions with them. As required by the listing standards of The NASDAQ Stock Market LLC, our Chief Executive Officer does not participate in deliberations concerning, or vote on, the compensation arrangements for herself. The Committee approves the compensation for all executive officers.

Components of Executive Compensation. The principal components of our executive compensation program include base salary, annual cash incentive compensation and long-term incentives using our common stock and benefit programs.

Base Salary. An individual executive's base salary is based upon the executive's level of responsibility, cumulative knowledge and experience, past individual performance, contributions to past corporate performance, and competitive rates of pay. The Committee reviews each executive officer's salary annually and makes adjustments, as appropriate, based on the Chief Executive Officer's recommendation including any change in the executive's responsibilities, the executive's past performance and changes in competitive salary levels provided by the compensation consultants retained by the Committee.

The base salary of Karel K. Czanderna, our Chief Executive Officer, increased from \$600,000 to \$630,000 in fiscal year 2017 based on company and individual performance. The base salaries of Timothy E. Hall, our Senior Vice President-Finance, Chief Financial Officer, Treasurer and Secretary, and Julia K. Bizzis, Senior Vice President--Strategic Growth, remained the same in fiscal year 2017 as compared to fiscal year 2016. The Committee's action not

to increase the base salaries of Mr. Hall and Ms. Bizzis is consistent with the Committee's philosophy to shift more of these named executive officers' total compensation to incentive based compensation. The Committee believes the base salaries of the named executive officers for fiscal 2017 were at acceptable market rates.

Cash Incentive Compensation. The purpose of our Cash Incentive Compensation Plan, referred to as the "CIP," is to align incentive compensation with performance measures that drive the Company's market value. The CIP is also designed to promote the accomplishment of corporate objectives as reflected in the Company's annual operating plan and objectives established by management, and to recognize achievement through the payment of incentive compensation. After the completion of the year, the Committee ratifies cash incentives based principally on the extent to which objectives have been achieved. If threshold performance levels are not met, no award is made. The incentive award levels are expressed as a percentage of the executive officer's base salary ranging from 50% to 115% based on the individual's responsibility level and total compensation. The payouts of the individual objectives of the CIP range from threshold of 40% to a maximum of 200% of the target award. When the threshold performance is achieved, the payout percentage increases proportionately to the improvement in performance as measured against the objective. The objectives for fiscal year 2017 were the same for all the named executive officers : 50% diluted earnings per share, 20% net sales and 30% free cash flow, and as evaluated by the Committee.

The performance objectives under the cash incentive compensation plan for fiscal 2017 were as follows:

Target: diluted earnings per share: \$3.00, net sales: \$518.0 million, free cash flow: \$11.7 million.

Threshold: diluted earnings per share: \$2.73, net sales: \$493.0 million, free cash flow: \$9.6 million.

Maximum: diluted earnings per share: \$3.45, net sales: \$559.7 million, free cash flow: \$15.2 million.

For fiscal year 2017, the Company achieved its performance objectives as a percentage of target as follows:

Diluted earnings per share: 62.2%, net sales: 0%, free cash flow: 99.0% for Ms. Czanderna, Mr. Hall and Ms. Bizzis.

Cash incentive compensation made to named executive officers for fiscal 2017 for achievement of corporate performance objectives are reflected in the column titled “Non-Equity Incentive Plan Compensation” of the Summary Compensation Table.

Long-Term Incentives. The purpose of the Long Term Incentive Compensation Plan, referred to as the “LTIP,” and the Omnibus Stock Plan, referred to as the “Stock Plan,” is to promote the interests of the Company and its shareholders by providing key personnel of the Company with an opportunity to acquire a proprietary interest in the Company and reward them for achieving a high level of corporate performance, and thereby develop a stronger incentive to put forth maximum effort for the continued success and growth of the Company. In addition, the opportunity to acquire a proprietary interest in the Company will aid in attracting and retaining key personnel of outstanding ability. The level of award opportunities, as combined under both plans, are intended to be consistent with comparable companies and reflect an individual’s level of responsibility and performance.

Long-Term Incentive Compensation Plan. Under the LTIP, it is generally intended that the established performance goal or goals will be measured over a three-year period. The LTIP lists 31 potential corporate performance objectives. The Committee will also establish the weighting of each corporate performance objective for purposes of the performance calculations in advance of each performance period. The Committee selected fully-diluted earnings per share for the three-year performance period beginning on July 1, 2014 and ending on June 30, 2017. The performance objective was selected as the best reflection of our corporate performance as most relevant to our shareholders, at this time. The specific performance targets are expressed in an aggregate amount for the three-year period. The Committee endeavors to set the targets at levels that challenge our executive officers to improve operating results and enhance shareholder value.

At the start of each three-year performance period, the Committee establishes a target number of shares of our common stock that each executive can earn subject to our achievement over the three-year performance period of threshold, target and maximum levels of each corporate performance objective. Threshold and maximum levels will be expressed as a multiple of the target level. For the performance period that began July 1, 2014 the target number of shares for which each executive is eligible is based on a percentage of the executive’s base salary at the beginning of the performance period as follows: (i) Ms. Czanderna, 115%, (ii) Mr. Hall, 60%, and (iii) Ms. Bizzis, 60%. The payouts of the individual objectives of the LTIP range from threshold of 40% to a maximum of 200% of the target award. When the threshold level is achieved, the payout percentage increases proportionally to the improvement in performance as measured against the objective. The beginning of each fiscal year triggers the start of another three-year performance period. This plan structure results in three active performance periods being in place at any given time. The number of shares for which the named executive officers are eligible for the three-year period ending June 30, 2019 are set forth in the Grants of Plan Based Awards Table.

For the three-year performance period ending June 30, 2017, the fully diluted earnings per share performance objectives reflecting three year totals, for the threshold, target and maximum levels were \$7.00, \$8.34, and \$10.55, respectively. During this period, the Company achieved 109% of the target fully diluted earnings per share

performance objectives. The number of shares earned in fiscal 2017 by each of the named executive officers is set forth in the Option Exercises and Stock Vested Table.

Omnibus Stock Plan. Under the Stock Plan, while the Committee may grant awards to participants in the form of restricted stock, restricted stock units, stock options, stock appreciation rights or performance units, the Company has only granted stock options to executive officers under the Stock Plan. Stock options awarded under the shareholder approved plan, give executives the opportunity to purchase our common stock for a term not to exceed ten years and at a price of no less than the closing sale price of our common stock on the date of grant. Executives benefit from stock options only to the extent stock price appreciates after the grant of the option. The Committee recognizes that each executive officer, rather than the Committee, decides whether or not to exercise an option at any given time. For this reason, the Committee's decision to grant a stock option to an executive officer does not take into account any gains realized by the executive officer due to a decision to exercise a pre-existing option in any given year. Historically, stock options are immediately exercisable. The Committee has not repriced stock options or replaced stock options that are underwater in the past and does not intend to engage in either practice in the future. Stock options are granted at the Committee's regularly scheduled meeting, based on recommendations from the Chief Executive Officer, the participant's level of responsibility and total compensation. Most Committee meetings are scheduled a year in advance. Scheduling decisions for Committee meetings are made without regard to anticipated earnings or other major announcements by us. The Committee will consider granting various types of equity to newly hired executives on a case-by-case basis.

The number of option shares granted in fiscal 2017 to each of the named executive officers is set forth in the Grants of Plan Based Awards Table.

Severance Benefits. Karel Czanderna, our President and Chief Executive Officer, has post-termination benefits under her employment letter dated June 29, 2012 which are described under “Executive Compensation – Potential Payments Upon Termination or Change-In-Control” below. Our notification of awards under our Incentive Compensation Plans provides that the employment requirement is satisfied in the event that the participant is terminated in connection with a change-in-control. Other than those agreements, we do not provide any special termination or change-in-control benefits to our other named executive officers.

Retirement Benefits. The Company makes available to Mr. Hall benefits under our Senior Officers Supplemental Retirement Plan, referred to as the “Supplemental Plan”. No other executive officers are eligible to participate in these retirement benefits. This plan is discussed after the Summary Compensation table.

Other Compensation and Benefits. We may provide the following perquisites to our executive officers:

country club dues;

tax planning services;

supplemental health insurance; and

furniture program.

These perquisites are provided to retain executives for key positions, to assist in their business development efforts and to remain competitive in the marketplace. The value of the perquisites provided to our named executive officers is set forth in the column titled “All other compensation” of the Summary Compensation Table.

Other Policies. The Company’s CIP, Stock Plan and LTIP provide for the right to require a participant to pay back any amount received under the plan to the extent provided by law or any “clawback” policy adopted by the Company.

Tax Implications. As part of its role, the Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code, which provides that the Company may not deduct certain compensation of more than \$1,000,000 that is paid to named executive officers. Performance-based stock awards, option grants and cash incentives awarded pursuant to the compensation plans adopted at the 2013 Annual Shareholders’ Meeting all qualify as performance-based compensation exempt from the tax deduction limit so long as

Edgar Filing: FLEXSTEEL INDUSTRIES INC - Form DEF 14A

the performance goal requirements of Section 162(m) have been met. In certain situations, the Committee has approved and in the future may approve compensation that will not meet the 162(m) requirements in order to ensure competitive levels of total compensation for our executive officers.

2007 Long-Term Management Incentive Compensation Plan

The 2007 Long-Term Management Incentive Compensation Plan (2007 Plan) provided for shares of common stock and cash to be awarded to certain officers and key employees based on performance targets set by the Compensation Committee of the Board. The Company's shareholders approved 500,000 shares to be issued under the 2007 Plan. A total of 240,325 shares were issued from the 2007 Plan, following the final distributions in September 2015. The committee selected consolidated operating results for organic net sales (weighted 20%) and fully-diluted earnings per share (weighted 80%) for the three-year performance period ended June 30, 2015. For the three-year performance period ended on June 30, 2015 named executive officers realized rewards under the 2007 Plan at a weighted average rate of 115% of the organic net sales and fully-diluted earnings per share levels. The Committee also specified that payouts, if any, for awards earned were 60% Company common stock and 40% cash. No additional shares can be awarded under the 2007 Plan.

Senior Officer Supplemental Retirement Plan

We maintain a supplemental retirement plan, collectively referred to as the “Supplemental Plan”, which provides for additional annual defined contributions toward retirement benefits for Mr. Hall. The additional contribution is stipulated in the executive’s individual agreements or in the document governing the arrangements. Earnings are credited to the accumulated contributions based on the investment return of assets we designate for this obligation. The amount of the contribution for each named executive officer is reported in the Summary Compensation Table in the column titled “All Other Compensation”. Distributions begin six months after separation of service when the executive retires or in some cases when the executive terminates employment. Distributions are paid in installments or lump sums as elected by the executive. Under the Supplemental Plan, Mr. Hall is entitled to monthly payments of \$5,000 until he reaches or would have reached age 65 upon termination of employment due to death or disability.

Potential Payments Upon Termination or Change-In-Control

Letter Agreement with Karel K. Czanderna. Effective July 1, 2012 the Company named Karel K. Czanderna, President and Chief Executive Officer. In connection with Ms. Czanderna’s appointment, the Company entered into a letter agreement with her, dated June 29, 2012.

As part of the letter agreement, if the Company terminates Ms. Czanderna for other than cause during the first seven years of her employment or Ms. Czanderna terminates for good reason, the Company will pay eighteen months of her base salary and one and one-half times the annual incentive bonus for the most recently completed fiscal year in a lump sum. Assuming Ms. Czanderna was terminated on June 30, 2017, she would be paid a lump sum of \$1,290,750 and be reimbursed for eighteen months of health insurance payments valued at approximately \$36,000, conditioned upon the execution of a mutually agreeable severance agreement that includes an eighteen month non-compete provision.

Incentive Compensation Plans. Under the terms of the Company’s CIP and LTIP, named executive officers are entitled to receive payments as a result of a termination due to death or disability, on or after reaching age 62, or due to an involuntary termination, other than for cause, in the event of a change in control. The amount to be paid to a participant in such events is based on the pro rata number of days worked during the performance period. The awards will be paid in a lump sum after the end of the performance period, except under certain circumstances as determined by the Compensation Committee. The award agreements for both the CIP and the LTIP provide for the forfeiture of payments in the event the participant competes with the Company within 2 years of termination or improperly uses Company confidential information. Assuming the named executive officers were involuntarily terminated for other than cause as a result of a change in control, such persons would be entitled to receive shares under the LTIP valued as of June 30, 2017 (\$54.11 per share) as follows: Ms. Czanderna: \$570,000; Mr. Hall: \$224,000; Ms. Bizzis: \$162,000 See the description of the Senior Officer Supplemental Retirement Plan Section above and the Non-qualified Deferred Compensation Table for a description and amounts payable under the Supplemental Plan.
