Item 1.01 Entry into a Material Definitive Agreement

On February 4, 2007, State Street Corporation, a Massachusetts corporation (**State Street**), and Investors Financial Services Corp., a Delaware corporation (**Investors Financial**), entered into an Agreement and Plan of Merger (the **Merger Agreement**). The Merger Agreement provides that, upon the terms and subject to the conditions set forth in the Merger Agreement, Investors Financial will merge with and into State Street (the **Merger**), with State Street continuing as the surviving corporation (the **Surviving Corporation**).

Subject to the terms and conditions of the Merger Agreement, at the effective time and as a result of the Merger, each issued and outstanding share of common stock, other than certain shares owned by Investors

Financial or State Street, par value \$0.01 per share, of Investors Financial (**Investors Financial Common Stock**) will be converted into the right to receive 0.906 shares (the **Exchange Ratio**) of the common stock, par value \$1.00 per share, of State Street (the **Merger Consideration**). Upon consummation of the Merger, all outstanding options to acquire Investors Financial Common Stock will be canceled in exchange for the right to receive, on the terms and conditions set forth in the Merger Agreement, the cash equivalent of the Merger Consideration as more fully described in Section 1.5 of the Merger Agreement. Each outstanding Investors Financial restricted share will be converted upon the completion of the merger into the right to receive the per share Merger Consideration (with the same terms as the Investors Financial restricted shares, provided that all restricted shares will vest within three years of their grant date or upon termination of the holders' employment for good reason or without cause as such terms are defined in the Merger Agreement, to the extent such vesting schedule would result in earlier vesting of such restricted shares).

State Street and Investors Financial have made customary representations, warranties and covenants in the Merger Agreement, including, among others, covenants regarding the conduct of their businesses and other activities between the execution of the Merger Agreement and consummation of the Merger, and to use their reasonable best efforts to consummate the Merger. In addition, Investors Financial has made certain additional covenants, including among others, covenants to cause an Investors Financial stockholder meeting to be held to consider approval of the Merger; for Investors Financial's board of directors to, subject to certain exceptions, recommend adoption by its stockholders of the Merger Agreement; and for Investors Financial not to solicit proposals relating to alternative business combination transactions or, subject to certain exceptions, enter into discussions concerning or provide confidential information in connection with alternative business combination transactions.

Consummation of the Merger is subject to customary conditions, including approval of the holders of Investors Financial common stock, absence of any legal prohibition on consummation of the Merger, obtaining required governmental approvals, the accuracy of the representations and warranties (subject generally to a material adverse effect standard) and material performance of all covenants and the delivery of customary legal opinions as to the federal tax treatment of the merger.

The Merger Agreement contains certain termination rights for both State Street and Investors Financial, and further provides that, upon termination of the Merger Agreement under specified circumstances, Investors Financial will be required to pay State Street a termination fee of \$165,000,000.

The foregoing description of the Merger and the Merger Agreement does not purport to be complete and is qualified in its entirety by reference to the Merger Agreement, which is attached as Exhibit 2.1 hereto, and is incorporated into this report by reference.

The Merger Agreement has been included to provide investors with information regarding its terms, and contains representations and warranties of each of State Street and Investors Financial. The assertions embodied in those representations and warranties were made for purposes of the Merger Agreement and are subject to qualifications and limitations agreed to by the parties in connection with negotiating the terms of the Merger Agreement. In addition, certain representations and warranties were made as of a specific date, may be subject to a contractual standard of materiality different from what a stockholder might view as material, or may have been used for purposes of allocating risk between the parties rather than establishing matters as facts. Investors should read the Merger Agreement together with the other information concerning State Street and Investors Financial that each company publicly files in reports and statements with the Securities and Exchange Commission.

Those statements are based on current assumptions, forecasts and expectations and involve a number of risks and uncertainties, which could cause actual outcomes and results to differ materially from those results. Other important factors that could cause actual results to differ materially from those indicated by any forward-looking statements, are set forth in State Street's 2005 annual report on Form 10-K, particularly in Item 1A, "Risk Factors," and State Street's subsequent SEC filings which should be read before making any investment decision. The forward-looking statements contained in this document speak only as of the date hereof, February 6, 2007, and State Street will not undertake efforts to revise those forward-looking statements to reflect events after this date.
