PROXY STATEMENT

June 18, 2002 Annual Meeting of Shareholders

This Proxy Statement is furnished to you in connection with the solicitation of proxies by the Board of Directors of Team Financial, Inc. for use at our 2002 annual meeting. This Proxy Statement and the enclosed proxy card were sent to shareholders on or about April 30, 2002.

The following matters will be acted on at our annual meeting:

1. Election of three Directors to serve three year terms;
2. Ratification of the appointment of KPMG LLP as our independent auditors for 2002; and
3. Any other business as may properly come before our meeting.

GENERAL INFORMATION ABOUT VOTING

Who can vote?

You can vote your shares of common stock if our records show that you owned the shares on April 23, 2002. A total of 4,175,249 shares of common stock can vote at the annual meeting. You have one vote for each share of common stock. The enclosed proxy card shows the number of shares you can vote.

How do I vote by proxy?

Follow the instructions on the enclosed proxy card to vote on each proposal to be considered at the annual meeting. Sign and date the proxy card and mail it back to us in the enclosed envelope. The proxyholders named on the proxy card will vote your shares as you instruct. If you sign and return the proxy card but do not vote on a proposal, the proxyholders will vote for you on that proposal. Unless you instruct otherwise, the proxyholders will vote for each of the three director nominees and for the ratification of the appointment of KPMG LLP as our independent auditors for 2002.

What if other matters come up at the annual meeting?

Edgar Filing: TEAM FINANCIAL INC /KS - Form DEF 14A

The matters described in this proxy statement are the only matters we know will be voted on at the annual meeting. If other matters are properly presented at the meeting, the proxyholders will vote your shares in their discretion.

Can I change my vote after I return my proxy card?

Yes. At any time before the vote on a proposal, you can change your vote either by giving the Company's secretary a written notice revoking your proxy card or by signing, dating, and returning to us a new proxy card. We will honor the proxy card with the latest date.

Can I vote in person at the annual meeting rather than by completing the proxy card?

Yes. Although we encourage you to complete and return the proxy card to ensure that your vote is counted, you can attend the annual meeting and vote your shares in person, even if you have previously completed and returned a proxy card.

What do I do if my shares are held in "street name"?

If your shares are held by your broker, a bank or other nominee, you will probably receive this proxy statement from them with instructions for voting your shares. Please respond quickly so that they may represent you.

If your shares are held in the name of a broker, bank or other nominee, and you do not tell that person how to vote your shares (so-called "broker nonvotes"), that person can vote your shares as he or she sees fit only on matters that self regulatory organizations determine to be routine, and not on any other proposal. Broker nonvotes will be counted as present to determine if a quorum exists but will not be counted as present and entitled to vote on any non-routine proposal.

How are votes counted?

We will hold the annual meeting if holders of at least one-third of the shares of common stock entitled to vote either sign and return their proxy cards or attend the meeting. If you sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote on any of the proposals listed on the proxy card. Approval of the appointment of independent auditors will require the affirmative vote of a majority of the shares represented at the meeting. With respect to the election of directors, you are entitled to cumulate your votes which means that you may cast all of your votes for any one nominee or to distribute your votes among any three or more nominees. The number of votes you have the right to cast among the nominees is determined by multiplying the number of shares you own by three. If votes for a certain director nominee are withheld, those votes will be voted equally for the election of all directors.

If your shares are held in the name of a nominee, and you do not tell the nominee in a timely manner how to vote your shares (so-called "broker nonvotes"), the nominee can vote them as he or she sees fit only on matters that self regulatory organizations determine to be routine, and not on any other proposal. Non-contested elections for directors, as well as ratification of auditors, are usually considered routine matters. Broker non-votes will be counted as present to determine if a quorum exists but will not be counted as present and entitled to vote on any non-routine proposal.

Who pays for this proxy solicitation?

We do. In addition to sending you these materials, some of our employees may contact you by telephone, by mail, or in person. None of these employees will receive any extra compensation for doing this.

Section 16(a) Beneficial Ownership Reporting Compliance.

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10% of our common stock to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of our common stock. Executive officers, directors and greater than 10% shareholders are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. To our knowledge, based solely on review of the copies of such report furnished to us or advice that no filings were required, during the fiscal year 2001 all executive officers, directors, and greater than 10% beneficial owners complied with Section 16(a) filing requirements.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Board of Directors is divided into three classes that serve three year terms as follows:

Class	Expiration	Members
Class III	2002	Glen E. Gilpin, Denis A. Kurtenbach and Carolyn S. Jacobs
Class I	2003	Neil Blakeman and R.G. (Gary) Kilkenny
Class II	2004	Michael L. Gibson, Montie Taylor and Robert J. Weatherbie

The terms of Mr. Gilpin, Mr. Kurtenbach, and Ms. Jacobs expire at the meeting. Glen E. Gilpin is retiring from the board of directors in 2002. We propose the nominees of Denis A. Kurtenbach, Carolyn S. Jacobs, and Keith B. Edquist to be elected to a three year term expiring at our annual meeting in 2005. In the election of directors, you have the right to cumulate your votes. This means that you may cast all of your votes for any one nominee or distribute your votes amongst the two or more nominees in any amount you desire. The number of votes you have the right to cast is determined by multiplying the number of shares you own by three. If votes for a certain director nominee are withheld, those votes will be distributed to the remaining director nominees. If no instructions are given, the shares will be voted equally for the election of all nominees.

Our non-employee directors receive \$400 per month and \$250 per board meeting attended. In addition, directors are reimbursed for expenses incurred in attending board meetings.

The Board of Directors had 11 meetings during 2001. Each directors attendance was at least 75% of the aggregate number of meetings (except Glen E. Gilpin who attended 67% of the meetings).

There are no family relationships between or among any directors or executive officers and none serve as a director of any other company required to file reports under the Securities Exchange Act of 1934 or which is registered as an investment company under the Investment Company Act of 1940.

Your Board of Directors recommends a vote FOR the election of Mr. Kurtenbach, Ms. Jacobs, and Mr. Edquist. Proxies solicited by your Board of Directors will be voted for them unless instructions are given to the contrary.

The following sets forth certain information with respect to all of the nominees, and our other directors and executive officers.

Audit Committee Report

The role of the Audit Committee is to assist our board of directors in its oversight of our financial reporting process. The board of directors, in its business judgment, has determined that all members of the Audit Committee are "independent" as required by applicable listing standards of the NASDAQ. The Audit Committee operates pursuant to a Charter adopted by the Board on July 25, 2000. As set forth in the Charter, management is responsible for the preparation, presentation and integrity of our financial statements, our accounting and financial reporting principles and our internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing our financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Audit Committee has considered and discussed the audited financial statements with management and the independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standard No. 61, *Communication with Audit Committees*, as currently in effect. Finally, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board No. 1, *Independence Discussions with Audit Committees*. The Audit Committee has considered whether other non-audit services provided by the independent auditors to us is comparable with maintaining the auditor's independence and has discussed with the auditors.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not financial experts in the fields of accounting or auditing, including auditor independence. Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements have

8

been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles, or that our auditors are in fact "independent".

Based on the reports and discussions described in this proxy statement, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Charter, the Audit Committee recommended to our board of directors that the 2001 audited financial statements be included in the Company's Annual Report on Form 10-K for the Year Ended December 31, 2001 filed with the Securities and Exchange Commission.

Our board of directors, upon recommendation of the Audit Committee, has determined to continue the services of KPMG LLP for the current fiscal year ending December 31, 2002. These services will include the examination of our financial statements for the fiscal year ending on such date and other appropriate accounting services. A member of KPMG LLP will attend the annual meeting and will have the opportunity to make a statement if desired, and will also be available to respond to appropriate questions of shareholders.

- (1) Audit related fees consisted principally of issuances of letters to underwriters for a trust preferred offering, audits of financial statements of certain employee benefit plans, review of registration statements, and issuance of consents.
- (2) Other non-audit fees consisted of tax compliance.

Compensation Committee Report on Executive Compensation:

Our executive compensation policy is intended to be competitive with bank holding companies of comparable asset size. The policy is intended to offer an incentive for performance. The overall compensation program is designed to retain and reward on both a short and long-term basis. The Compensation Committee pays particular attention to the total compensation paid to the chief executive officers of other bank holding companies taking into consideration the relative size of the companies and the experience of their chief executive officers.

The principal elements of our executive compensation program for the fiscal year ended December 31, 2001, applicable to our Chief Executive Officer were as follows:

The salary level is reviewed and determined annually. Consideration is given to the scope of responsibilities and to being comparable with similar positions with bank holding companies of

comparable size. Factors included in the comparison are relative size of companies, both currently and over a period of time, and the experience and responsibility of the individuals. The Committee approves the salary level after consideration of both internal and external information as set forth above. In establishing the base salary, the Committee does not assign any weight to any particular factor.

Cash bonus awards are considered annually. In awarding bonus payments, factors considered by the Compensation Committee include a review of our financial performance as determined by our net income growth, return on equity, and asset growth. Cash bonuses were paid in 1999 and 2001 based upon the performance factors for net income growth, return on equity, and asset growth being met. The Compensation Committee requires the Chief Executive Officer to use a percentage of this cash bonus to purchase our common stock in the open market, subject to any limitations under federal or state securities laws. The percentage varies from year to year.

Stock Options are also awarded annually to the Chief Executive Officer and certain other key executives. They are awarded to provide the Chief Executive Officer and the key executives with long-term incentives for profitable growth and to closer align our Chief Executive Officer and key executives with the interest of our shareholders. Retention and long-term reward are both factors considered in granting stock options. With respect to the amount of options to be granted, consideration is given to the scope of responsibility and the degree of its effect on our performance as well as the degree of importance in

Edgar Filing: TEAM FINANCIAL INC /KS - Form DEF 14A

providing incentive to the individual to stay with us over time. The Compensation Committee, in determining whether to grant options or in the granting of options, does not take into consideration the amounts of options previously granted or outstanding.

Participation is also granted in our non-qualified salary continuation plan eligible for certain executive officers in our organization whereby the executive officer will receive monthly benefits for ten years commencing with the month after retirement. The annual benefit is based upon 65% of the highest consecutive ten year average of the Chief Executive Officer's salary. In the event of death of the participant, the plan provides a continuing benefit to the spouse based on a vesting schedule defined by a percentage of the participant's age.

Other elements of compensation offered to the Chief Executive Officer and to all other eligible employees include participation in a 401(k) deferred contribution plan, our Employee Stock Ownership Plan, our insurance benefit package, and our organization-wide performance based bonus program.

Employee Stock Purchase Plan

Our Employee Stock Purchase Plan was adopted in 1994. The plan provides eligible employees the right to purchase our common stock on an annual basis through payroll deductions. Up to 75,000 shares of common stock are reserved under the plan and may be issued in five annual increments of 15,000 beginning in 1999. Shares not issued in any year may be issued in future years. The price per share of the common stock under the plan is 85% of the fair market value of the stock at the commencement of each offering period.

1999 Stock Incentive Plan

In May 1999, as amended in March 2000, we adopted the 1999 Stock Incentive Plan. The plan provides for the following stock and stock-based awards: restricted stock, stock options, stock appreciation rights and performance shares. Up to 470,000 shares of common stock may currently be issued under the plan. All employees, directors and consultants are eligible to participate in the plan. The plan is administered by our board of directors, or the board can designate a committee composed of at least two non-employee directors to administer the plan. The board of directors or committee determines the participants in the plan and the types of awards they are to be granted and the terms and conditions of all awards. As of April 23, 2002, we had outstanding options to acquire 48,600 shares of our common stock for \$8.32 per share, 69,250 shares of our common stock for \$6.625 per share, and 90,000 shares of our common stock for \$8.94 per share. The options to acquire shares of our common stock were issued at the fair market value on the date of grant.

The following table sets forth certain information regarding stock options granted to our named executives during 2001 from our 1999 Stock Incentive Plan.

Employment Agreements

On January 1, 2001, we entered into a three-year employment agreement with Mr. Weatherbie under which he currently receives a beginning base annual salary of \$175,500, an annual bonus at the discretion of the board of directors, life insurance, a car allowance and participation in all other benefits received by our employees. Under certain circumstances, such as his death or disability, we have also agreed to pay Mr. Weatherbie or his estate \$500,000. We have obtained life insurance and are in the process of obtaining disability insurance for these contingencies. In the event of termination of Mr. Weatherbie's employment without cause, he will be entitled to payments equal to his annual base salary for the longer of one year or the remaining term of the agreement discounted at 8% annually, along with reimbursement for out-of-pocket expenses incurred for professional and tax advice not to exceed 75% of his annual base salary, as well as job search expenses incurred not to exceed 50% of his annual base salary.

We have also entered into an employment agreement with Mr. Gibson, the terms of which are substantially similar to the employment agreement with Mr. Weatherbie, except that Mr. Gibson's current annual base salary is \$146,362.

In addition, we have a similar agreement with Mr. Bartley except that his current annual base salary is \$131,625, his disability or death payment is \$300,000, and reimbursement of out-of-pocket expenses incurred for professional and tax advice in the event of termination of his employment without cause is over a one year period for a maximum of 75% of his base salary.

Employee Stock Ownership Plan

The ESOP is a restatement and continuation of a plan previously maintained by a predecessor company, which commenced receiving contributions in 1981. In 1986, the ESOP was the vehicle used in establishing our Company and financing the acquisition of the one-bank holding company that owned TeamBank, N.A. All of our wholly-owned subsidiaries with employees participate in the ESOP.

The ESOP is a retirement plan for eligible employees and is funded entirely with contributions made by us and dividends paid by us with respect to the common stock owned by the ESOP. The ESOP is designed to be invested primarily in our securities. The ESOP is a leveraged plan which permits it to borrow money to buy our securities, which are held in a suspense account until the loan is paid. As of April 23, 2002, the ESOP had no outstanding debt. Allocations are made annually and are based on the relative compensation of the participants. Retirement benefits under the ESOP depend on

the amount of an employee's account balance at death, disability, separation from service or retirement, and there is no fixed amount.

Employees are eligible to participate in the ESOP on the January 1 or July 1 following the date six months after the first day of employment. Employees also must achieve a minimum age in order to participate. To be eligible for allocations of the ESOP's contributions, employees must complete 1,000 hours of service during a year and must be employed on the last day of the plan year. The employment requirement does not apply if the participant dies or becomes disabled or attains age 65 in the plan year. Allocations are also potentially subject to certain minimums. Following three years of service, employees become vested in their ESOP accounts at 20% per year, with 100% vesting occurring after seven years. However, if a participant dies or is disabled while still employed, a participant becomes 100% vested immediately.

Salary Continuation Plan

The salary continuation plan is a non-qualified plan for executive officers whereby the executive officer will receive monthly benefits for ten years commencing with the month after retirement. The monthly benefits accrue based upon a stated percentage ranging from 25% to 65% of the highest consecutive ten year average of the participant's salary. In the event of death of the participant, the plan provides a continuing benefit to the spouse based on a vesting schedule defined by a percentage of the participant's age.

Other Employee Plans

We have a 401(k) plan and an employee performance bonus plan that covers all of our employees, including officers. With respect to the 401(k) plan, we make a matching contribution of 50% of the employee's contribution up to a maximum contribution of 6% of the employee's salary. The bonus plan utilizes a continuous improvement model to determine the amount of award from us and each of our subsidiaries. The model measures improvements in asset growth, profitability, productivity and asset quality growth. Our employees must exceed the performance of the previous year to earn a bonus. Results are reported monthly.

Certain Transactions With Our Affiliates

Our officers, directors and principal shareholders and businesses they control are customers of our subsidiary banks. Credit transactions with these parties are subject to review by loan committees of the banks or by our loan review committee. All outstanding loans and extensions of credit to these parties were made in the ordinary course of business on terms substantially similar to comparable transactions with unaffiliated persons. At December 31, 2001, the aggregate balance of loans and advances under extensions of credits made by the subsidiary banks to these affiliated parties was approximately \$3,373,000.

PROPOSAL NO. 2

APPOINTMENT OF INDEPENDENT AUDITORS

We have engaged the firm of KPMG LLP as independent auditors to audit and report to our shareholders on our financial statements for the years 1993 through 2001. During all years, which KPMG LLP has served as our independent auditors, there were no disagreements with KPMG LLP on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure, which, if not resolved to the satisfaction of KPMG LLP, would have caused them to make a reference to the subject matter of the disagreement in connection with its reports. Representatives of KPMG LLP are expected to be present at the annual meeting and will have the opportunity make a statement if they desire to do so and will be available to respond to appropriate shareholder questions. Although your approval of the engagement of independent auditors is not required by law, we desire to solicit your ratification. If the appointment of KPMG LLP is not approved by a majority of the shares represented at the meeting, we will consider the appointment of other independent auditors for 2002. Moreover, if satisfactory arrangements as to the timing and costs of the 2002 audit cannot be made, we reserve the right to engage another accounting firm.

We recommend a vote FOR the approval of the appointment of KPMG LLP as our independent auditors for the year 2002 subject to the discussion above. Proxies given to us will be voted FOR this proposal unless a vote against this proposal or abstention is specifically indicated.

OTHER MATTERS

At the date of mailing of this proxy statement, we are not aware of any business to be presented at the annual meeting other than the proposals discussed above. If other proposals are properly brought before the meeting, any proxies returned to us will be voted as the proxyholders see fit.

You can obtain a copy of our Annual Report on Form 10-K for the Fiscal Year Ended December 31, 2001 at no charge by writing to us at 8 West Peoria, Paola, Kansas 66071, Attention: Michael L. Gibson.

SHAREHOLDER PROPOSALS

To be considered for inclusion in the our proxy statement for the 2003 annual meeting, proposals of shareholders must be received by us no later than January 1, 2002. Proposals should be directed to our Secretary.
