Item 2.02 - Results of Operations and Financial Condition

On March 3, 2006, the Registrant issued a news release to announce a revision to its previously reported financial results for the quarter-to-date and annual periods ended December 31, 2005 that resulted from an event that occurred subsequent to December 31, 2005 but prior to the issuance of the Registrant's audited 2005 financial statements. The news release is attached hereto as Exhibit 99.1. The news release includes disclosure of net interest income on a tax-equivalent basis, which is a non-GAAP performance measure used by management in operating its business, which management believes provides investors with a more accurate picture of net interest income and net interest margins for comparative purposes.
