PROXY STATEMENT
Annual Meeting of Stockholders
May 3, 2001, 11:00 o'clock a.m.

Edgar Filing: WATERS CORP /DE/ - Form PRE 14A

The Proxy is solicited by the Board of Directors of Waters Corporation ("Waters" or the "Company") for use at the 2001 Annual Meeting of Stockholders to be held on May 3, 2001 at 11:00 o'clock a.m. at the Company's headquarters located at 34 Maple Street, Milford, Massachusetts, 01757. Solicitation of the Proxy may be made through officers and regular employees of the Company by telephone or by oral communications with some stockholders following the original solicitation period. No additional compensation will be paid to such officers and regular employees for Proxy solicitation. Corporate Investor Communications, Inc. has been hired by the Company to do a broker solicitation for a fee of \$4,000 plus reasonable out-of-pocket expenses. Expenses incurred in the solicitation of Proxies will be borne by the Company.

VOTING MATTERS

The representation in person or by proxy of a majority of the outstanding shares of common stock of the Company, par value \$.01 per share (the "Common Stock"), entitled to a vote at the meeting is necessary to provide a quorum for the transaction of business at the meeting. Shares can only be voted if the stockholder is present in person or is represented by a properly signed proxy (a "Proxy"). Each stockholder's vote is very important. Whether or not you plan to attend the meeting in person, please sign and promptly return the enclosed Proxy card, which requires no postage if mailed in the United States. All signed and returned Proxies will be counted towards establishing a quorum for the meeting, regardless of how the shares are voted.

Shares represented by Proxy will be voted in accordance with your instructions. You may specify your choice by marking the appropriate box on the Proxy card. If your Proxy card is signed and returned without specifying choices, your shares will be voted in favor of the proposals made by the Board of Directors, and as the individuals named as Proxy holders on the Proxy deem advisable on all other matters as may properly come before the meeting.

Any stockholder giving the enclosed Proxy has the power to revoke such Proxy prior to its exercise either by voting by ballot at the meeting, by executing a later-dated Proxy or by delivering a signed written notice of the revocation to the office of the Secretary of the Company before the meeting begins. The Proxy will be voted at the meeting if the signer of the Proxy was a stockholder of record on March 19, 2001 (the "Record Date").

Representatives of the Company's independent accountants (or independent auditors), PricewaterhouseCoopers LLP, are expected to be present at the Annual Meeting of Stockholders. They will have the opportunity to make statements if they desire to do so and will be available to respond to appropriate questions.

On the Record Date, there were 130,439,242 shares of Common Stock outstanding and entitled to vote at the meeting. Each outstanding share of Common Stock is entitled to one vote. This Proxy Statement is first being sent to the stockholders on or about April 2, 2001. A list of the stockholders entitled to vote at the meeting will be available for inspection at the meeting for purposes relating to the meeting.

Required Vote; Recommendation of the Board of Directors

With respect to the election of directors of the Company, the affirmative vote of a plurality of shares present in person or represented by Proxy, and entitled to vote on the matter, is necessary for the election of each of the nominees for director listed above (i.e. the nominees receiving the greatest number of votes cast will be elected). Withholding authority to vote for the election of a nominee will be treated as shares present and entitled to vote and, for purposes of determining the outcome of the vote, will not be treated as votes cast for such nominee. A broker "non-vote" occurs when a broker, dealer, voting trustee, bank, association or other entity that exercises fiduciary powers holding shares for a beneficial owner does not have discretionary voting power and does not receive voting instructions from the beneficial owner. Broker "non-votes" will not be treated as shares present and entitled to vote on the election of directors of the Company and will have no effect on the outcome of the vote.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH NOMINEE FOR DIRECTOR SET FORTH ABOVE.

2. Approval of the Amendment to the Certificate of Incorporation

General

The Company's Second Amended and Restated Certificate of Incorporation, as amended and currently in effect (the "Certificate"), provides that the Company's authorized capital stock shall consist of 200,000,000 shares of Common Stock, \$.01 par value per share (the "Common Stock"), and 5,000,000 shares of Preferred Stock. On February 27, 2001, the Board of Directors approved an amendment to the Certificate (the "Amendment") to increase the number of shares of Common Stock authorized for issuance under the Certificate by 200,000,000

Edgar Filing: WATERS CORP /DE/ - Form PRE 14A

shares, to a total of 400,000,000 shares. The text of the Amendment is set forth as Exhibit A to this Proxy Statement. If the Amendment is adopted, it will become effective upon the filing of the Amendment with the Delaware Secretary of State.

Purpose of the Proposed Amendment

The Board of Directors believes that given the current market price for the Common Stock, it may be advisable at some point in the future to declare a stock dividend (which would have the same effect as a stock split) in order to lower the per share market price of the Common Stock, to increase its trading activity and to broaden its marketability. The proposed Amendment would provide the Company with a sufficient number of authorized but unissued shares of Common Stock to effect such a stock dividend and to accomplish other proper corporate purposes that may be authorized in the future. Such future activities may include, without limitation, raising equity capital, reserving additional shares of Common Stock for

issuance under the Company's 1994 Amended and Restated Stock Option Plan, 1996 Long-Term Performance Incentive Plan, 1996 Employee Stock Purchase Plan, 1996 Non-Employee Director Deferred Compensation Plan and 1996 Non-Employee Director Stock Option Plan (collectively, the "Employee Stock Plans"), adopting additional employee stock plans and making acquisitions through the issuance of Common Stock. The Board of Directors has no immediate plans, understanding, agreements, or commitments to issue additional shares of Common Stock for any purpose.

The Board of Directors believes that the proposed increase in the authorized Common Stock will make a sufficient number of shares available should the Company decide to use its shares for one or more of such previously mentioned purposes or otherwise. The Company reserves the right to seek a further increase in authorized shares from time to time in the future as considered appropriate by the Board of Directors.

Current Use of Shares

As of the Record Date, the Company had approximately 130,439,242 shares of Common Stock outstanding and approximately 33,755,768 shares of Common Stock reserved for issuance under the Employee Stock Plans, of which, approximately 15,522,908 shares are covered by outstanding options and approximately 4,459,190 shares are available for grant or purchase. Therefore, the Company's total share requirement prior to the Amendment is 150,421,340 shares (the "Share Requirement"). In the event stockholder approval of the proposed Amendment is obtained, the Share Requirement would not change, unless, for example, the Board of Directors were to approve a stock dividend, as described below. Accordingly, in the absence of such a stock dividend, the Company would have a total of 400,000,000 authorized and 249,578,660 unissued, unreserved shares of Common Stock remaining available pursuant to its Certificate, as amended by the Amendment.

If the Company were to effect, for example, a two-for-one stock split in the form of a stock dividend, each holder of the Common Stock would receive one additional share for each share held. In addition, the number of shares of Common Stock reserved for issuance or subject to outstanding options under the Employee Stock Plans would increase by 100% (and the exercise prices of outstanding options would correspondingly decrease by 50%). If the authorized number of shares of Common Stock were not increased, the Company would not have enough authorized but unissued shares of Common Stock to effect such a stock dividend as described. Were such a stock split to be effected, the Share Requirement would increase to 300,842,680 shares. Accordingly, following such a stock dividend, the Company would have 400,000,000 authorized and 99,157,320

Edgar Filing: WATERS CORP /DE/ - Form PRE 14A

unissued, unreserved shares of Common Stock available pursuant to the amended Certificate.

Possible Effects of the Proposed Amendment

If the stockholders approve the proposed Amendment, the Board of Directors may cause the issuance of additional shares of Common Stock without further vote of the stockholders except as provided under Delaware corporate law or under the rules of any national securities exchange on which shares of Common Stock of the Company are then listed. Under the Certificate, the Company's stockholders do not have preemptive rights to subscribe to additional securities which may be issued by the Company, which means that current stockholders do not have a prior right to purchase any new issue of capital stock of the Company in order to maintain their proportionate ownership of the Common Stock. In addition, if the Board of Directors elects to issue additional shares of Common Stock, such issuance could have a dilutive effect on the earnings per share, voting power and shareholdings of current stockholders.

In addition to the corporate purposes discussed above, the proposed Amendment could, under certain circumstances, have an anti-takeover effect, although this is not the intent of the Board of Directors. For example, it may be possible for the Board of Directors to delay or impede a takeover or transfer of control of the Company by causing such additional authorized shares of Common Stock to be issued to holders who might side with the Board of Directors in opposing a takeover bid that the Board of Directors determines is not in the best interests of the Company and its stockholders. The Amendment therefore may have the effect of discouraging unsolicited takeover attempts. By potentially discouraging initiation of such an unsolicited takeover attempt, the proposed Amendment may limit the opportunity for the Company's stockholders to dispose of their shares of Common Stock at the higher price generally available in takeover attempts or that may be available under a merger proposal. The proposed Amendment may have the effect of permitting the Company's

current management, including the current Board of Directors, to retain its position, and place it in a better position to resist changes that stockholders may wish to make if they are dissatisfied with the conduct of the Company's business. However, the Board of Directors is not aware of any attempt to take control of the Company and the Board of Directors has not presented this proposal with the intent that it be utilized as a type of anti-takeover device.

Required Vote; Recommendation of the Board of Directors

With respect to the amendment of the Certificate, the affirmative vote of a majority of shares outstanding as of the Record Date and entitled to vote on the matter is necessary for approval. Broker "non-votes" and abstentions will have the same effect as a vote against the proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE AMENDMENT TO THE COMPANY'S SECOND AMENDED AND RESTATED CERTIFICATE OF INCORPORATION.

3. Other Business

The Board of Directors does not know of any other business to be presented at the Annual Meeting of Stockholders. If any other matters properly come before the meeting, however, it is intended that the persons named in the enclosed form of Proxy will vote said Proxy in accordance with their best judgment.

DIRECTORS MEETINGS AND COMPENSATION

Edgar Filing: WATERS CORP /DE/ - Form PRE 14A

Directors Meetings

The Board of Directors held six meetings during the year ended December 31, 2000. The Audit Committee, which currently consists of Messrs. Bekenstein, Caldwell and Salice, oversees the activities of the Company's independent auditors, recommends the engagement of independent auditors, and performs certain other functions pursuant to its charter, a copy of which is attached to this proxy statement. The Compensation Committee, which currently consists of Messrs. Conard, Salice and Miller, approves the compensation of executives of the Company, makes recommendations to the Board of Directors with respect to standards for setting compensation levels and administers the Company's incentive plans. There is no standing nominating committee. During fiscal year 2000, each of the Company's directors participated in excess of 75% of the aggregate of the meetings of the Board of Directors and the meetings of committees of the Board of Directors of which such director was a member. During fiscal year 2000, the Compensation Committee and the Audit Committee each met two times.

Report of the Audit Committee of the Board of Directors

The Company has a qualified Audit Committee of the Board of Directors. The Audit Committee, in conjunction with management and the independent accountants, focuses on the following items:

1. The adequacy of Company internal controls,
2. The appropriateness of Company financial reporting and accounting processes,
3. The independence and performance of the Company's independent auditors and
4. Company compliance with laws and regulations.

The Board of Directors has adopted a written charter setting out more specifically the functions that the Committee is to perform. A copy of the charter is attached to this Proxy as Exhibit B. The Committee held two meetings during the fiscal year ended December 31, 2000. The Directors who serve on the Committee are all "independent" as defined under the listing standards of the New York Stock Exchange. Company management has primary responsibility for the financial statements and reporting processes. The Company's independent auditors, PricewaterhouseCoopers L.L.P.

(PricewaterhouseCoopers), audit the annual financial statements and are responsible for expressing an opinion on their conformity with generally accepted accounting principles. The Committee hereby reports for the period ended December 31, 2000 that:

1. It has reviewed and discussed the Company's audited financial statements for the period ended December 31, 2000 with management,
2. It has discussed with PricewaterhouseCoopers those matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees,
3. It has received from and discussed with PricewaterhouseCoopers their written disclosures and letter required by Independence Standards Board Standard No. 1, Independence Discussions with the Audit Committee and

Edgar Filing: WATERS CORP /DE/ - Form PRE 14A

4. It has considered whether and determined that the provision of non-audit services to the Company by PricewaterhouseCoopers was compatible with maintaining auditor independence.

Based on the items reported above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2000 for filing with the Securities and Exchange Commission.

Waters Corporation Retirement Plans

Substantially all full-time United States employees of Waters participate in the Waters Corporation Retirement Plan (the "Retirement Plan"), a defined benefit pension plan intended to qualify under Section 401(a) of the Internal Revenue Code (the "Code"). The Retirement Plan is a cash balance plan whereby each participant's benefit is determined based on annual pay credits and interest credits made to each participant's notional account. In general, a

Edgar Filing: WATERS CORP /DE/ - Form PRE 14A

participant becomes vested under the Retirement Plan upon completion of five years of service. The normal retirement age under the plan is age 65.

Pay credits range from 4.0% to 9.5% of compensation, depending on the participant's amount of compensation and length of service with the Company. Compensation refers to pension eligible earnings of the participant (limited to \$170,000 for 2000), which includes base pay, overtime, certain incentive bonuses, commissions and pre-tax deferrals, but excludes special items such as stock awards, moving expense reimbursements and employer contributions to retirement plans. Interest credits are based on the one year constant maturity Treasury bill rate on the last day of the preceding plan year plus 0.5%, subject to a 5% minimum and a 10% maximum rate.

The Company also maintains a non-qualified, supplemental plan which provides benefits that would be paid by the Retirement Plan except for limitations on pensionable pay and benefit amounts currently imposed by the Code.

The aggregate estimated annual benefit payable from the Retirement Plan and supplemental plan combined to Messrs. Berthiaume, Caputo, Feller, Nelson and Taymor upon normal retirement is \$185,000, \$110,000, \$40,000, \$71,000 and \$141,000, respectively. As of December 31, 2000, Messrs. Berthiaume, Caputo, Feller, Nelson and Taymor had approximately 20, 23, 24, 24 and 20 years of credited service, respectively, under the Retirement Plan.

The aggregate estimated annual normal retirement benefits are based on actual 2000 eligible compensation, including bonus paid in 2000. Future eligible compensation is assumed to equal January, 2001 rate of pay and future interest credits are assumed to be 5.0%.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee currently consists of Mr. Edward Conard, Mr. Thomas Salice and Mr. William Miller. Prior to the Company's initial public offering, each of Mr. Conard and Mr. Salice also served as an officer of the Company.

Compensation Committee Report

The Compensation Committee of the Board of Directors is responsible for administering the compensation of senior executives of the Company and is comprised of three independent non-employee directors.

The Compensation Committee's compensation philosophy is to focus management on achieving financial and operating objectives which provide long-term stockholder value. The Company's executive compensation programs are designed to align the interest of senior management with those of the Company's stockholders. There are three key components of executive compensation: base salary, senior management incentive bonus (annual incentive), and long-term performance incentive. It is the intent of these programs to attract, motivate and retain senior executives. It is the philosophy of the Compensation Committee to allocate a significant portion of cash compensation to variable performance-based compensation in order to reward executives for high achievement.

Base Salary

The base salaries for senior executives are reviewed annually by the Compensation Committee. Salaries are based upon a combination of factors including past individual performance, competitive salary levels and an individual's potential for making significant contributions to future Company

Edgar Filing: WATERS CORP /DE/ - Form PRE 14A

performance. Increases to senior executives' base salaries in fiscal year 2000 were determined by the Compensation Committee after subjective consideration of the Company's financial performance in fiscal year 1999, individual position and responsibilities, and general and industry market surveys for comparable positions.

Annual Incentive

The Management Incentive Plan is the variable pay program for officers and other senior executives of the Company. The purpose of the Management Incentive Plan is to provide added motivation and incentive to senior executives

to achieve operating results based on operating budgets established at the beginning of the fiscal year. The Compensation Committee evaluates the audited results of the Company's performance against previously established performance targets in order to determine the individual bonuses under the Management Incentive Plan. The Company achieved a level of performance required to pay bonuses for fiscal year 2000 based upon overall Company performance.

In addition, the Compensation Committee made a small supplemental bonus payment to certain senior executives in recognition of the outstanding performance of Waters Corporation during 2000.

1996 Long-Term Performance Incentive Plan

Stock options are an important component of senior executive compensation and the 1996 Long-Term Performance Incentive Plan has been designed to motivate senior executives and other key employees to contribute to the long-term growth of stockholder value. Under the 1996 Long-Term Performance Incentive Plan and the 1994 Amended and Restated Stock Option Plan, stock options were granted to the Company's senior executives and other key individuals. The Compensation Committee authorizes awards under the plan based upon recommendations from the Company's Chief Executive Officer.

Other Compensation

The Company's senior executives are also eligible to participate in other compensation plans that are generally offered to other employees, such as the Company's investment and savings plan, retirement plan, the employee stock purchase plan and the supplemental employee retirement plan.

Chief Executive Compensation

Mr. Berthiaume's 2000 annual base salary was based on the Compensation Committee's evaluation of the Company's overall performance and the salaries and compensation practices of peer companies of comparable size. After considering these factors, the Compensation Committee elected to increase Mr. Berthiaume's annual base salary for fiscal year 2000 to \$530,000. Under the Management Incentive Plan, the Compensation Committee awarded Mr. Berthiaume a bonus of \$927,500 for fiscal year 2000 based upon the Company's performance as compared to pre-established criteria and targets. Mr. Berthiaume received a stock option grant of 100,000 shares based on the subjective consideration described under the 1996 Long Term Performance Incentive Plan.

Limit on Deductible Compensation

The Compensation Committee has considered the application of Section 162(m) of the Internal Revenue Code to the Company's compensation practices. Section 162(m) generally limits the tax deduction available to public companies for annual compensation paid to senior executives in excess of \$1 million unless the compensation qualifies as performance-based compensation. The annual cash

Edgar Filing: WATERS CORP /DE/ - Form PRE 14A

compensation paid to individual executives during fiscal year 2000 (excluding exempt performance-based compensation) did not reach the \$1 million threshold. It is believed that payments under the Management Incentive Plan and the stock incentive plans of the Company qualify as performance-based compensation. The Compensation Committee does not believe any further action is necessary in order to comply with Section 162(m). From time to time, the Compensation Committee will reexamine the Company's compensation practices and the effect of Section 162(m).

Each executive officer is also the grantee of certain stock options from the Company under one or more Stock Option Agreements. Pursuant to the terms of such agreements, the stock purchased under such agreements or available upon exercise of the options may be subject to repurchase by the Company at the end of such executive's employment with the Company. The Management Subscription Agreements and the Stock Option Agreements also impose certain additional restrictions upon the executive, including confidentiality obligations, assignment of the benefit of inventions and patents to the Company, a requirement that the executive devote his or her exclusive business time to the Company, and noncompeterestrictions which extend in certain cases, depending on the basis on which his or her employment is terminated, for a period of up to 24 months following his or her termination date.
