PROXY STATEMENT  
-----

ANNUAL MEETING OF STOCKHOLDERS  
TO BE HELD ON THURSDAY, MAY 9, 2002

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of ANSYS, Inc. (the "Company"), for use at the Annual Meeting of Stockholders of the Company to be held on Thursday, May 9, 2002 at 2:00 p.m., local time, at the Southpointe Club, Southpointe, 360 Southpointe Blvd. in Canonsburg, Pennsylvania, and any adjournments or postponements thereof (the "Annual Meeting").

At the Annual Meeting, the stockholders of the Company will be asked to consider and vote upon the following matters:

1. The election of two Class III Directors for three-year terms, such terms to continue until the annual meeting of stockholders in 2005 and until such Director's successor is duly elected and qualified; and
2. Such other business as may properly come before the meeting and any adjournments or postponements thereof.

The Notice of Annual Meeting, Proxy Statement and Proxy Card are first being mailed to stockholders of the Company on or about March 28, 2002 in connection with the solicitation of proxies for the Annual Meeting. The Board of Directors has fixed the close of business on March 14, 2002 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting (the "Record Date"). Only holders of record of the Company's common stock, par value \$.01 per share (the "Common Stock"), at the close of business on the Record Date will be entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were approximately 14,701,332 shares of Common Stock outstanding and entitled to vote at the Annual Meeting and approximately 236 stockholders of record. Each holder of a share of Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held of record with respect to each matter submitted at the Annual Meeting.

The presence, in person or by proxy, of a majority of the total number of outstanding shares of Common Stock is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Shares that reflect abstentions

## Edgar Filing: ANSYS INC - Form DEF 14A

or "broker non-votes" (i.e., shares represented at the meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the meeting.

The affirmative vote of holders of a plurality of the votes cast by holders of shares of Common Stock present and represented by proxy and entitled to vote on the matter is required for the election of the Class III Directors. Abstentions and broker non-votes will not be counted as voting with respect to the election of the Class III Directors and, therefore, will not have an effect on the election of the Class III Directors.

STOCKHOLDERS OF THE COMPANY ARE REQUESTED TO COMPLETE, DATE, SIGN AND RETURN THE ACCOMPANYING PROXY CARD IN THE ENCLOSED ENVELOPE. COMMON STOCK REPRESENTED BY PROPERLY EXECUTED PROXIES RECEIVED BY THE COMPANY AND NOT REVOKED WILL BE VOTED AT THE ANNUAL MEETING IN ACCORDANCE WITH THE INSTRUCTIONS

CONTAINED THEREIN. IF INSTRUCTIONS ARE NOT GIVEN THEREIN, PROPERLY EXECUTED PROXIES WILL BE VOTED "FOR" THE ELECTION AS CLASS III DIRECTORS OF THE NOMINEES LISTED IN THIS PROXY STATEMENT. IT IS NOT ANTICIPATED THAT ANY MATTERS OTHER THAN THE ELECTION OF CLASS III DIRECTORS WILL BE PRESENTED AT THE ANNUAL MEETING. IF OTHER MATTERS ARE PRESENTED, PROXIES WILL BE VOTED IN ACCORDANCE WITH THE DISCRETION OF THE PROXY HOLDERS.

Any properly completed proxy may be revoked at any time before it is voted on any matter (without, however, affecting any vote taken prior to such revocation) by giving written notice of such revocation to the Secretary of the Company, or by signing and duly delivering a proxy bearing a later date, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

The Annual Report of the Company, including financial statements for the fiscal year ended December 31, 2001 ("Fiscal 2001"), is being mailed to stockholders of the Company concurrently with this Proxy Statement. The Annual Report, however, is not a part of the proxy solicitation material.

### PROPOSAL 1 ELECTION OF DIRECTORS

The Board of Directors of the Company currently consists of seven members and is divided into three classes, with three Directors in Class I, two Directors in Class II and two Directors in Class III. At the Annual Meeting, two Class III Directors will be elected to serve until the annual meeting of stockholders in 2005 and each until such Director's successor is duly elected and qualified. The Board of Directors has nominated James E. Cashman, III and John F. Smith for re-election as the Class III Directors. Unless otherwise specified in the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the re-election of Mr. Cashman and Mr. Smith as Directors. Proxies cannot be voted for a greater number of persons than the number of nominees named. The nominees have agreed to stand for re-election and to serve, if elected, as Directors. However, if either of the persons nominated by the Board of Directors fails to stand for election or is unable to accept election, the proxies will be voted for the election of such other person or persons as the Board of Directors may recommend.

## Edgar Filing: ANSYS INC - Form DEF 14A

### REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

The Compensation Committee is responsible for the oversight of all of the Company's compensation policies and practices including benefits and perquisites. Compensation is defined as base salary, all forms of variable pay and pay-for-performance, and stock options, restricted stock or any other plans directly or indirectly related to the Company's stock. Members of the Compensation Committee will be appointed from the Board of Directors annually at the first meeting of the Board following the annual meeting of stockholders. Not less than a majority of the Compensation Committee will consist of outside directors. It is also envisioned that the composition of the Compensation Committee will reflect the requirements of Rule 16b-3 under the Securities Exchange Act as in effect from time to time.

Compensation Philosophy. The underlying philosophy of the Company's compensation programs is to pay competitive amounts to obtain and retain valuable executives and to align executive compensation with several key objectives. The first of these objectives is to enable the Company to attain its annual market penetration and financial targets. Another key objective is to ensure that a major portion of each executive's cash compensation is linked to significant improvements in the Company's financial performance. The third key objective is to make it possible for the Company to attract, retain and reward executives who are responsible for leading the Company in achieving or exceeding corporate performance goals, amid a very competitive market for technical, marketing and sales personnel.

The Company's executive compensation programs generally will consist of three principal elements: base salary, cash bonus and stock options and benefits including pension and 401(k) benefits. The Company's objective is to emphasize incentive compensation in the form of bonuses and stock option grants, rather than base salary.

Base salary determinations will reflect, among other factors deemed relevant, competitive pay practices of comparable high technology companies, with a focus on the skills and performance levels of individual executives and the needs of the Company. Bonuses under the Company's incentive plans will reflect, among other relevant items, the Company's financial performance and achievement of corporate objectives established by the Board of Directors prior to the start of each fiscal year, such as those relating to revenue and profitability. Stock option awards will reflect, among other relevant items, the job level of the employee, responsibilities to be assumed in the upcoming fiscal year, responsibilities of each executive in prior years and the size of awards made to each such officer in prior years relative to the Company's

## Edgar Filing: ANSYS INC - Form DEF 14A

overall performance.

In establishing the level of incentive bonuses for the Company's executives for Fiscal 2001, the Compensation Committee considered, among other things, competitive market issues and the Company's performance in such areas as development, client services, product quality, market penetration, administration, organization and financial performance, sales of particular units and performance of the Company as a whole.

Compensation of the Chief Executive Officer. In determining Mr. Cashman's compensation for Fiscal 2001, the Compensation Committee reviewed industry surveys of compensation paid to chief executives officers of comparable companies, and evaluated the achievement of corporate, individual and organizational objectives for the fiscal year. Mr. Cashman's annual base compensation for Fiscal 2001 totaled \$247,083, an increase of 16% over 2000. Effective February 2000, Mr. Cashman assumed the responsibility of Chief Executive Officer. Mr. Cashman was promoted to President of the Company in April 1999.

In Fiscal 2001, Mr. Cashman also received semi-annual bonuses determined on the basis of the achievement of specific weighted corporate, individual and organizational objectives for the fiscal year. These objectives focused on areas such as financial performance and business growth, product development, market penetration, product and service quality, administration and corporate development. Mr. Cashman was awarded aggregate incentive bonuses of \$170,000 for Fiscal 2001, as compared with an incentive bonus of \$148,125 for 2000. Mr. Cashman was also awarded 100,000 stock options in both 2001 and in 2000.

Deductibility of Executive Compensation. Beginning in 1994, the Internal Revenue Code of 1986, as amended (the "Code"), limited the federal income tax deductibility of compensation paid to the Company's Chief Executive Officer and to each of the other four most highly compensated executive officers. For this purpose, compensation can include, in addition to cash compensation, the difference between the exercise price of stock options and the value of the underlying stock on the date of exercise. The Company may deduct compensation with respect to any of these individuals only to the extent that during any fiscal year such compensation does not exceed \$1 million or meets certain other conditions (such as stockholder approval). Considering the Company's current compensation plans and policy, the Company and the Compensation Committee believe that, for the near future, there is little risk that the Company will lose any significant tax deduction relating to executive compensation. If the deductibility of executive compensation becomes a significant issue, the Company's compensation plans and policy will be modified to maximize deductibility if the Company and the Compensation Committee determine that such action is in the best interests of the Company.

### STOCK OPTION PLANS

1994 Stock Option and Grant Plan. In February 1994, the Company's Board of Directors adopted and the stockholders subsequently approved the 1994 Stock Plan. The Company does not intend to make additional grants under the 1994 Stock Plan. The 1994 Stock Plan permits (i) the grant of options to purchase shares of Common Stock intended to qualify as incentive stock options under Section 422 of the Code ("Incentive Options"), (ii) the grant of options that do not so qualify ("Non-Qualified Options"), and (iii) the issuance or sale of Common Stock with or without restrictions ("Restricted Stock"). During 2001 no grants were made from the 1994 Stock Plan. A total of 142,618 share grants with issuance prices ranging from \$0.40 to \$10.00 with an average price of \$5.631 were outstanding from the 1994 Stock Plan at December 31, 2001.

The Compensation Committee may, at its sole discretion, accelerate or extend the date or dates on which all or any particular option or options granted under the 1994 Stock Plan may be exercised or vest. In the event of a merger, liquidation or sale of substantially all of the assets of the Company, the Board of Directors has the discretion to accelerate the vesting of the options granted under the 1994 Stock Plan, except that 40,000 Non-Qualified Options held by Independent Directors vest automatically in such circumstances. In addition, the 1994 Stock Plan and stock options issued thereunder terminate upon the effectiveness of any such transaction or event, unless provision is made in connection with such transaction for the

## Edgar Filing: ANSYS INC - Form DEF 14A

assumption of outstanding grants. The shares of restricted stock issued under the 1994 Plan fully vest upon any merger, liquidation or sale of substantially all of the assets of the Company.

1996 Stock Option and Grant Plan. The 1996 Stock Plan was adopted by the Board of Directors on April 19, 1996 and was subsequently approved by the Company's stockholders. The 1996 Stock Plan was amended by the Board of Directors with the stockholders' approval on May 6, 1998 and was amended again by the Board of Directors with the stockholders' approval on May 2, 2001, in each case to increase the number of shares of Common Stock available for issuance thereunder. The 1996 Stock Plan permits (i) the grant of Incentive Options, (ii) the grant of Non-Qualified Options, (iii) the issuance or sale of Common Stock with or without vesting or other restrictions ("Stock Grants"), (iv) the grant of Common Stock upon the attainment of specified performance goals ("Performance Share Awards") and (v) the grant of the right to receive cash dividends with the holders of the Common Stock as if the recipient held a specified number of shares of the Common Stock ("Dividend Equivalent Rights"). These grants may be made to officers and other employees, consultants and key persons of the Company and its subsidiaries. In addition, Independent Directors are automatically eligible for certain grants under the 1996 Stock Plan, as described below. The 1996 Stock Plan currently provides for the issuance of up to 4,250,000 shares of Common Stock, of which no more than 300,000 shares may be issued to Independent Directors. On and after the date the 1996 Stock Plan becomes subject to Section 162(m) of the Code, options with respect to no more than 300,000 shares of Common Stock may be granted to any one individual in any calendar year. During Fiscal 2001, 773,535 options were granted from the 1996 Stock Plan. A total of 2,709,444 share grants with issuance prices ranging from \$6.00 to \$26.56 with an average price of \$11.598 were outstanding from the 1996 Stock Plan at December 31, 2001. At December 31, 2001, 790,547 shares were available for future grants under the 1996 Stock Plan.

The 1996 Stock Plan is administered by the Compensation Committee. Subject to the provisions of the 1996 Stock Plan, the Compensation Committee has full power to determine from among the persons eligible for grants under the 1996 Stock Plan (i) the individuals to whom grants will be granted, (ii) the combination of grants to participants and (iii) the specific terms of each grant. Incentive Options may be granted only to officers or other employees of the Company or its subsidiaries including members of the Board of Directors who are also employees of the Company or its subsidiaries.

The option exercise price of each option granted under the 1996 Stock Plan is determined by the Compensation Committee but, in the case of Incentive Options, may not be less than 100% of the fair market value of the underlying shares on the date of grant and may not be exercisable more than ten years from the date the option is granted. If any employee of the Company or any subsidiary owns or is deemed to own at the date of grant shares of stock representing in excess of 10% of the combined voting power of all classes of stock of

the Company or any subsidiary, the exercise price for options granted to such employee may not be less than 110% of the fair market value of the underlying shares on that date and the option may not be exercisable for more than five years from the date the option is granted. No option may be exercised subsequent to the termination of the optionee's employment or other business relationship with the Company unless otherwise determined by the Compensation Committee or provided in the option agreement. At the discretion of the Compensation Committee, any option may include a "reload" feature, pursuant to which an optionee exercising an option receives, in addition to the number of

## Edgar Filing: ANSYS INC - Form DEF 14A

shares of Common Stock due on the exercise of such option an additional option, with an exercise price equal to the fair market value of the Common Stock on the date such additional option is granted. Upon the exercise of options, the option exercise price must be paid in full either in cash or, at the sole discretion of the Compensation Committee, by delivery of shares of Common Stock already owned by the optionee.

The 1996 Stock Plan also permits Stock Grants, Performance Share Awards and grants of Dividend Equivalent Rights. Stock Grants and Performance Share Awards may be made to persons eligible under the 1996 Stock Plan, subject to such conditions and restrictions as the Compensation Committee may determine. Prior to the vesting of shares, recipients of Stock Grants generally will have all the rights of a stockholder with respect to the shares, including voting and dividend rights, subject only to the conditions and restrictions set forth in the 1996 Stock Plan or in any agreement. In the case of Performance Share Awards, the issuance of shares of Common Stock will occur only after the recipient has satisfied the conditions and restrictions set forth in the 1996 Stock Plan or in any agreement. The Compensation Committee may also make Stock Grants to persons eligible under the 1996 Stock Plan in recognition of past services or other valid consideration, or in lieu of cash compensation. In addition, the Compensation Committee may grant Dividend Equivalent Rights in conjunction with any other grant made pursuant to the 1996 Stock Plan or as a free standing grant. Dividend Equivalent Rights may be paid currently or deemed to be reinvested in additional shares of Common Stock, which may thereafter accrue further dividends.

The Compensation Committee may, at its sole discretion, accelerate or extend the date or dates on which all or any particular option or options granted under the 1996 Stock Plan may be exercised or vest. In the event of a merger, liquidation or sale of substantially all of the assets of the Company ("Sale Event"), the Board of Directors has the discretion to accelerate the vesting of options granted under the 1996 Stock Plan, except that options granted to Independent Directors automatically accelerate in such "Sale Event." The 1996 Stock Plan and the options issued thereunder terminate upon the effectiveness of any such "Sale Event," unless provision is made in connection with such transaction for the assumption or replacement of the outstanding options.

Independent Director Options. The 1996 Stock Plan provides for the automatic grant of Non-Qualified Options to Independent Directors. Under such provisions, options to purchase that number of shares of Common Stock determined by dividing \$200,000 by the Option Exercise Price (as defined below) will be granted to each individual when he or she first becomes a member of the Board of Directors, provided that he or she is not an employee of the Company or any subsidiary of the Company. In addition, in 1998 the Board of Directors amended the 1996 Stock Plan to provide that on the date five business days following each annual meeting of stockholders of the Company, each Independent Director who is then serving will be granted a Non-Qualified Option to purchase 12,000 shares of Common Stock. The Option Exercise Price of options granted to Independent Directors under the 1996 Stock Plan will equal the lesser of (i) the last reported sale price per share of Common Stock on the date of grant (or if no such price is reported on such date, such price on the nearest preceding date on which such a price is reported) or (ii) the average of the last reported sales price per share of Common Stock as published in The Wall Street Journal for a period of ten consecutive days prior to such date. Options granted to Independent Directors under the foregoing provisions will vest in annual installments over four years, commencing with the date of grant, and will expire ten years after grant, subject to earlier termination if the optionee ceases to serve as a director. The exercisability of these options will be accelerated upon a "Sale Event." A total of 212,294 Non-Qualified Options have been issued to date to Independent Directors under the plan.

1996 Employee Stock Purchase Plan. The Company's 1996 Employee Stock Purchase Plan, (the "Purchase Plan") was adopted by the Board of Directors on April 19, 1996 and was subsequently approved by the Company's stockholders. Up to 210,000 shares of Common Stock may be issued under the Purchase Plan. The Purchase Plan is administered by the Compensation Committee.

Offerings under the Purchase Plan commence on each February 1 and August 1 and have a duration of six months. Generally, all employees who are customarily employed for more than 20 hours per week as of the first day of the applicable offering period are eligible to participate in the Purchase Plan. An employee who owns or is deemed to own shares of stock representing in excess of 5% of the combined voting power of all classes of stock of the Company may not participate in the Purchase Plan.

During each offering, an employee may purchase shares under the Purchase Plan by authorizing payroll deductions of up to 10% of his cash compensation during the offering period. The maximum number of shares which may be purchased by any participating employee during any offering period is limited to 960 shares (as adjusted by the Compensation Committee from time to time). Unless the employee has previously withdrawn from the offering, his accumulated payroll deductions will be used to purchase Common Stock on the last business day of the period at a price equal to 85% of the fair market value of the Common Stock on the first or last day of the offering period, whichever is lower. Under applicable tax rules, an employee may purchase no more than \$25,000 worth of Common Stock in any calendar year. A total of 134,049 shares of Common Stock have been issued under the Purchase Plan as of February 1, 2002.
