Except as noted herein, none of our directors hold any other directorships in any company subject to the reporting requirements of the Securities Exchange Act of 1934 or in any company registered as an investment company under the Investment Company Act of 1940.

On July 23, 2001 we acquired approximately 87.7% of the outstanding common stock of Microgy Cogeneration Systems, Inc. in exchange for securities of EPC pursuant to a Share Exchange Agreement dated June 20, 2001 among EPC, Microgy, and the Principal Microgy Shareholders, as defined therein. We subsequently acquired the remaining Microgy common stock in an exchange offer with the remaining Microgy security holders.

Pursuant to the Share Exchange Agreement, our Board of Directors was enlarged from five to eight members and the three resulting vacancies were filled by designees of the Principal Microgy Shareholders. Such designees, including replacements or substitutes similarly designated, are referred to as the Microgy Designees. The Microgy Designees on the Board are George A. Kast, Benjamin J. Brant, and Thomas M. Matthews.

In connection with the Share Exchange Agreement, EPC, the Principal Microgy Shareholders, Joseph E. Cresci, and Donald A. Livingston entered into a Stockholders' Agreement dated July 23, 2001. Messrs. Cresci and Livingston, referred to in the Stockholders' Agreement as the Majority Stockholders, are directors, officers, and principal stockholders of EPC. The five existing directors as of July 23, 2001, including any replacements or substitutes designated by the Majority Stockholders, are referred to as the Incumbent Directors. The Stockholders Agreement, which terminates on June 30, 2003, provides, among other things, that the parties will take all lawful action, including voting the shares they own or control, to cause the proportion of Microgy Designees to Incumbent Directors to remain at approximately 3:5 and for the election of the Microgy Designees and the Incumbent Directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our Officers and Directors, and persons who own more than ten percent of a registered class of our equity securities, to file initial statements of beneficial ownership (Form 3), and statements of changes in beneficial ownership (Forms 4 or 5), of Common Stock and other equity securities of EPC with the Securities and Exchange Commission, or SEC. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all such forms they file.

We believe, based solely on our review of the copies of forms we have received, or written representations from certain reporting persons, that no additional forms were required for those persons and that our officers, directors and greater than ten-percent beneficial owners complied with all filing requirements applicable to them for 2001.

noncontributory defined benefit pension plan covering all eligible employees of EPC. The pension plan is subject to the provisions of the Employee Retirement Income Security Act of 1974. Employees aged 21 or older who have completed twelve months of service during which they worked a minimum of 1,000 hours are eligible to participate. Employees earn a year of service for vesting purposes in each employment year in which they complete at least 1,000 hours of employment. Employees become vested in the pension plan over a 6 year period. Vesting is 20% after 2 years and 20% per year thereafter, to 100% after 6 years. Benefits are based upon the participant's annual compensation, including bonuses and similar special pay, as more fully defined in the pension plan, over the number of years of service up to a maximum of 25 years.

The following table shows the estimated annual pension benefits payable upon retirement to a participant of the pension plan for various salary levels and years of service.

Average Annual Compensation -----	Years of Service		
	10	15	20
100,000	11,000	24,750	44,000
150,000	16,500	37,125	66,000
200,000	18,700	42,075	74,800
250,000	18,700	42,075	74,800

During fiscal year 2001, the maximum amount of annual compensation which may be included for pension plan purposes was \$170,000. The figures shown above apply under the pension plan as of December 31, 2001. The benefit amounts listed are not subject to any deduction for Social Security or other offset amounts. As a result of limitations imposed under the Federal income tax law, the maximum annual benefit payable under the pension plan for the fiscal year ending December 31, 2001 is \$140,000, although the amount will be actuarially

5

adjusted in accordance with Federal income tax regulations if payments commence prior to or following the date that unreduced Social Security benefits become payable. As of December 31, 2001, Messrs. Cresci and Livingston each had nineteen years of credited service under the pension plan and Mr. Linehan had six years of credited service under the pension plan.

Compensation of Directors

Each director of EPC who is not an officer or employee of EPC receives \$2,000, plus expenses, for each scheduled meeting of the Board of Directors or non-coincident meeting of a board committee which he or she attends. Additionally, each non-employee director may receive option grants under our Director Option Plan: 40,000 options on the first anniversary of service and 10,000 options on subsequent anniversaries.

During 2001, Messrs. Blampied and Weisberg each received option grants under our Director Option Plan to purchase 10,000 shares which are exercisable at per share prices of \$0.57 and \$0.83 respectively, based on the market prices of the Common Stock on their anniversary dates of becoming directors. Messrs. Kast, Brant, and Matthews will receive options based upon their respective

Edgar Filing: ENVIRONMENTAL POWER CORP - Form 10-K/A

anniversary dates. Mr. Koehler, under the policies of the law firm in which he is a partner, which law firm periodically provides services to EPC, is prohibited from owning shares in EPC.

Mr. Weisberg received a total of 450,000 options under special grants in recognition of extraordinary efforts on financing matters, as follows: In May 2001, Mr. Weisberg was granted options to purchase 100,000 shares at \$0.43 per share. In September 2001, Mr. Weisberg was granted options to purchase 350,000 shares at \$0.72 per share.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is comprised of Peter J. Blampied, Edward B. Koehler and Robert I. Weisberg. No member of the Compensation Committee is now an officer or an employee of EPC or any of its subsidiaries or has been at any time an officer or employee of EPC or any of its subsidiaries.

Mr. Koehler is a partner with Hunton & Williams, Hong Kong, a law firm which periodically provides services to EPC.

Item 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 1993 and 1995, Messrs. Cresci and Livingston exercised options to purchase shares of our Common Stock. As payment for the exercise price of these stock options, we accepted promissory notes which are payable upon our demand from Messrs. Cresci and Livingston aggregating \$332,875 and \$428,281, respectively. In 2000, we asked that a portion of these loans be repaid using the proceeds from bonuses due to concerns about ongoing cash requirements. In April 2001, we received \$1,500,000 pursuant to a settlement of the Sunnyside litigation and Messrs. Cresci and Livingston were allowed to each borrow back \$100,000 from EPC. As of December 31, 2001, Messrs. Cresci and Livingston had aggregate balances due to EPC of \$186,875 and \$410,498, respectively under these notes. Interest on these notes, which is payable monthly at the Applicable Federal Rate, amounted to \$21,312 in the aggregate during 2001 and has been fully collected from Messrs. Cresci and Livingston.

In September 1997, Mr. Weisberg exercised options to purchase 80,000 shares of our Common Stock. As payment for the exercise price of these stock options, we accepted a promissory note which is payable upon our demand from Mr. Weisberg in the amount of \$48,575. Interest on this note, which is payable quarterly at the Applicable Federal Rate, amounted to \$1,969 in 2001 and has been fully collected from Mr. Weisberg.

On September 14, 2001, after an extensive search for financing, we borrowed \$750,000 from Alco Financial Services, LLC. Robert Weisberg, a director of EPC, is President, a Director and a member of Alco. The loan is evidenced by a one-year promissory note which bears interest at the prime rate plus 3.5%. We also pay an administrative fee of 0.6% per month and paid a commitment fee of \$7,500 to secure the loan. The loan is secured by all of our assets (other than the stock of our subsidiary, Buzzard Power Corporation). In connection with the loan, we granted Alco five year warrants to purchase 50,000 shares of Common Stock at \$0.60 per share. In April 2002, the principal repayment terms of the loan were modified so that all principal is now due by April 1, 2003.

In 2001, Mr. Kast advanced \$177,000 to Microgy on a short-term basis prior to its becoming a subsidiary of EPC. In September 2001, the loan was repaid, at a discount, for \$150,000 by EPC.

As of April 29, 2002, EPC and Benjamin Brant, a director of EPC and a former officer of our Microgy subsidiary, agreed (subject to completion of Board

Edgar Filing: ENVIRONMENTAL POWER CORP - Form 10-K/A

consents) to a transaction whereby 1,802,486 shares of Mr. Brant's Common Stock would be subject to a transferable one-year option granted to EPC. The option is exercisable at \$0.35 per share. EPC would be required to exercise the option to purchase at least 342,857 of such shares by specified times. To the extent any portion of the option expires unexercised, the underlying shares would be subject to a transferable right of first refusal

8

granted by Brant to EPC for a 12 month period beginning upon expiration of the option. 197,514 other shares of Common Stock would be delivered by Mr. Brant to EPC in satisfaction of amounts owed to Microgy by a company of which Mr. Brant is a principal in connection with loans by Microgy guaranteed by Mr. Brant under a June 2001 guaranty. An additional 753,066 shares would be subject to a 24 month standstill under which Mr. Brant would not sell them into the public markets.

Edward B. Koehler is a partner with Hunton & Williams, Hong Kong, a law firm which periodically provides services to EPC.
