Funding

The Bank's deposits increased 70% to Rs. 113,778 crore (US\$ 26.1 billion) at June 30, 2005 from Rs. 66,780 crore (US\$ 15.3 billion) at June 30, 2004, compared to the banking system's year-on-year deposit growth of 15% as on July 8, 2005. During Q1-2006, the Bank repaid about Rs. 1,600 crore (US\$ 368 million) of erstwhile ICICI's liabilities as they fell due in accordance with their terms of repayment. At June 30, 2005, erstwhile ICICI's liabilities constituted 11% of the Bank's funding compared to 25% at June 30, 2004.

International operations

ICICI Bank continued to build on its existing presence in various geographies as well as enter new markets. During Q1-2006, the Bank acquired the entire paid-up capital of Investitsionno-Kreditny Bank (IKB), a Russian bank with its registered office in Balabanovo in the Kaluga region and a branch in Moscow. At March 31, 2005, IKB had total assets of about US\$ 4 million. The Bank's subsidiaries have two branches in the United Kingdom and four branches in Canada. In addition to providing credit and trade finance solutions to Indian companies, the Bank is expanding its international retail franchise through technology-based banking services.

Rural banking

The Bank's rural banking strategy seeks to adopt a holistic approach to the financial services needs of various segments of the rural population, by delivering a comprehensive product suite encompassing credit, transaction banking, deposit, investment and insurance, through a range of channels. The Bank's rural delivery channels include branches, internet kiosks, franchisees and micro-finance institution (MFI) partners. The Bank has established about 5,000 points of contact through its various channels and channel partners.

Network

The Bank had 573 branches and extension counters at June 30, 2005 as compared to 469 branches and extension counters at June 30, 2004.

Capital adequacy

The Bank's capital adequacy at June 30, 2005 was 12.04% (including Tier-1 capital adequacy of 7.57%), well above RBI's requirement of total capital adequacy of 9.0%. The Bank has considered risk weightage at 125% for commercial real estate exposure and capital markets exposure in line with the guidelines issued by Reserve Bank of India on July 26, 2005.

Asset quality

The Bank's net restructured assets at June 30, 2005 were Rs. 6,209 crore (US\$ 1.4 billion), down from Rs. 7,264 crore (US\$ 1.7 billion) at June 30, 2004. At June 30, 2005, the Bank's net non-performing assets constituted 1.96% of customer assets against 2.73% at June 30, 2004.

Group companies

ICICI Securities achieved a profit after tax of Rs. 35 crore (US\$ 8 million) in Q1-2006 compared to a full year profit of Rs. 64 crore (US\$ 15 million) for the year ended March 31, 2005 (FY2005). ICICI Lombard General Insurance Company (ICICI Lombard) enhanced its leadership position among private sector general insurance companies with a market share of 29% in Q1-2006. ICICI Lombard achieved a profit after tax of Rs. 17 crore (US\$ 4 million) in Q1-2006.

ICICI Prudential Life Insurance Company (ICICI Prudential Life) continued to maintain its market leadership among private sector life insurance companies. Life insurance companies worldwide require five to seven years to achieve breakeven, in view of business set-up and customer acquisition costs in the initial years as well as reserving for actuarial liability. While the growing operations of ICICI Prudential Life had a negative impact of Rs. 47 crore (US\$ 11 million) on the Bank's consolidated profit after tax in Q1-2006 on account of the above reasons, the company's unaudited New Business Achieved Profit (NBAP) for Q1-2006 was Rs. 69 crore (US\$ 16 million). NBAP is a metric for the economic value of the new business written during a defined period. It is measured as the present value of all the future profits for the shareholders, on account of the new business based on standard assumptions of mortality, expenses and other parameters. Internationally, life insurance companies in the growth phase are valued as a multiple of their NBAP.

ICICI Venture Funds Management Company announced the first closing of its real estate fund with commitments of US\$ 200 million, while the India Advantage Fund continued to perform well and made its maiden distribution to its investors. Prudential ICICI Asset Management Company was the largest private sector mutual fund in India at June 30, 2005 with assets under management of over Rs. 17,000 crore (US\$ 3.9 billion).
