Forward-Looking Statements

[LOGO]

=====

This presentation contains forward-looking statements. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and other matters that are not historical facts. These forward-looking statements reflect PREIT's current views about future events and are subject to risks, uncertainties, assumptions and changes in circumstances that may cause future events,

achievements or results to differ materially from those expressed by the forward-looking statements. In particular, PREIT may not be able to consummate the merger with Crown on previously announced terms, on otherwise favorable terms to PREIT, or at all. If this transaction is consummated, PREIT's actual results may differ significantly from those expressed in any forward-looking statement. Certain factors that could cause PREIT not to consummate the transaction or could cause PREIT's actual results to differ materially from expected results include, without limitation, failure of the requisite number of PREIT and Crown shareholders to approve the merger, the satisfaction of closing conditions applicable to the transaction (some of which are beyond PREIT's control); and other economic, business or competitive factors. In addition, PREIT's business is subject to uncertainties regarding the revenues, operating expenses, leasing activities, occupancy rates, and other competitive factors relating to PREIT's portfolio and the properties proposed to be acquired and changes in local market conditions as well as general economic, financial and political conditions, including the possibility of outbreak or escalation of war or terrorist attacks, any of which may cause future events, achievements or results to differ materially from those expressed by the forward-looking statements. PREIT does not intend to and disclaims any duty or obligation to update or revise any forward-looking statements or industry information set forth in this document to reflect new information, future events or otherwise.
