RECENT DEVELOPMENTS

The Arrangement

On June 1, 2010, the Corporation announced the completion of the conversion of the Trust to a corporation pursuant to the Arrangement under section 193 of the ABCA, involving the Trust, PDLP, 1194312 Alberta Ltd. (**1194312**), Precision Drilling Corporation (**PDC**) (as it existed prior to the Arrangement), 1521502 Alberta Ltd., 1521500 Alberta Ltd. (**AcquisitionCo**) and the holders of the Trust Units (the **Trust Unitholders**) and Exchangeable LP Units (the **Exchangeable LP Unitholders** and, together with the Trust Unitholders, the **Unitholders**). The Corporation and its subsidiaries now carry on the business previously carried on by the Trust and its subsidiaries and is the successor, by way of amalgamation pursuant to the Arrangement, to 1194312, AcquisitionCo and PDC. Immediately following the completion of the Arrangement, the Trust was terminated and PDLP was dissolved, with the assets thereof being distributed to, and the liabilities thereof being assumed by, the Corporation. Pursuant to the Arrangement, Unitholders received one Common Share for each Trust Unit or Exchangeable LP Unit held.

The Arrangement was approved at the annual and special meeting of the Unitholders held on May 11, 2010, with over 99% of the votes cast by Unitholders being voted in favor of the Arrangement. On May 12, 2010, the Alberta Court of Queen's Bench granted the final order required in connection with the Arrangement. The Arrangement became effective on the Effective Date.

As a consequence of the Arrangement, the Corporation, as successor to PDC, became the debtor under the senior secured facility (the **Secured Facility**) entered into on December 23, 2008 in connection with the acquisition (the **Acquisition**) of Grey Wolf, Inc. and the \$175 million senior unsecured notes (the **Senior Notes**) issued on April 22, 2009. The obligations of the Corporation under the Secured Facility and the Senior Notes continue to be guaranteed by each subsidiary of the Corporation which had previously guaranteed such obligations. The Corporation also assumed all of the covenants and obligations of the Trust in respect of the 15,000,000 warrants issued by the Trust on April 22, 2009, which may now be exercised to acquire Common Shares at the option of the holder thereof at any time prior to 5:00 p.m. (Calgary time) on April 22, 2014 at an exercise price of \$3.22 per Common Share, subject to adjustment in certain events.

The trading of the Common Shares commenced on the TSX on June 3, 2010 under the trading symbol **PD** and on the NYSE on June 2, 2010 under the trading symbol **PDS**. The Trust Units were de-listed from the TSX and NYSE on June 3, 2010 and June 2, 2010, respectively.

Amendments to the Secured Facility

On June 25, 2010, the Corporation amended the terms of the Secured Facility to increase the size of the Revolving Credit Facility thereunder (which had been reduced from U.S.\$400 million to U.S.\$260 million in June, 2009) to U.S.\$410 million. See **Consolidated Capitalization**.

Furthermore, on June 30, 2010, the Corporation amended the terms of the Secured Facility to lower the LIBOR floor for the Term Loan B Facility thereunder to 1.75% from 3.25% and lower the LIBOR interest rate margin on existing loans under the Term Loan B Facility to 5% from an average interest rate margin of 6.45%. The Secured Facility was also amended to provide for the payment in certain circumstances by the Corporation to lenders under the Term Loan B Facility of a fee equal to 1% of the aggregate principal amount of loans subsequently prepaid or repriced under the Term Loan B Facility on or prior to June 30, 2011. In connection with the amendments to the Secured Facility, non-consenting holders of U.S.\$74 million in loans under the Term Loan B Facility were repaid by the Corporation with cash on hand. See **Consolidated Capitalization**.

- (1) In connection with the Acquisition, PDC established the Secured Facility which initially provided a senior secured financing of up to approximately U.S.\$1.2 billion, consisting of a Term Loan A Facility in an aggregate principal amount of U.S.\$400 million, a Term Loan B Facility in an aggregate principal amount of U.S.\$400 million and a Revolving Credit Facility in an aggregate principal amount of U.S.\$400 million. The Revolving Credit Facility was reduced to U.S.\$260 million in June 2009. The Secured Facility is provided to the Corporation, as successor to PDC, by certain lenders and is primarily secured by charges on

substantially all present and future property of the Corporation and its material subsidiaries. As of June 30, 2010, the Secured Facility had a blended effective interest rate of approximately 6.2% per annum, before original issue discounts and upfront fees. The Term Loan A Facility was fully drawn by PDC in connection with the Acquisition and at June 30, 2010 consisted of a term loan A-1 facility denominated in U.S. dollars in the amount of U.S.\$253 million (\$268 million) and a term loan A-2 facility denominated in Canadian dollars in the amount of \$19 million. The Term Loan A Facility is repayable in quarterly installments in

aggregate annual amounts equal to 5% of the original principal amount thereof in the first year following the closing date of the Acquisition, 10% of the original principal amount thereof in each of the second and third years following the closing date of the Acquisition and 15% of the original principal amount thereof in the fourth and fifth years following the closing date of the Acquisition, with the balance payable on the final maturity date of December 23, 2013. The Term Loan B Facility was fully drawn by PDC in connection with the Acquisition and at June 30, 2010 consisted of a term loan B-1 facility denominated in U.S. dollars in the amount of U.S.\$274 million (\$291 million) and a term loan B-2 facility

denominated in U.S. dollars in the amount of U.S.\$48 million (\$51 million). The Term Loan B Facility is repayable in quarterly installments in aggregate annual amounts equal to 5% of the original principal amount of loans outstanding thereunder with the balance payable on the final maturity date of September 30, 2014. On June 25, 2010, the Revolving Credit Facility was increased by U.S. \$150 million to U.S.\$410 million and is available to the Corporation to finance working capital needs and for general corporate purposes.

- (2) The \$175 million principal amount of Senior Notes bear interest at 10% per annum. The Senior Notes were issued on April 22, 2009 and have an eight-year term, with one-third of the initial outstanding principal amount

being payable on each of the 6th, 7th and 8th anniversaries of the date of their issuance. The Senior Notes are unsecured and have been guaranteed by each subsidiary of the Corporation that has guaranteed the Secured Facility.

DIVIDEND POLICY

The Corporation does not currently anticipate paying any cash dividends on the Common Shares in the foreseeable future but will review that policy from time to time as circumstances warrant. The Corporation currently intends to retain future earnings, if any, for future operations, expansion and debt repayment. Any decision to declare and pay dividends in the future will be made at the discretion of the Board of Directors and will depend on, among other things, the Corporation's results of operations, current and anticipated cash requirements and surplus, financial condition, restrictions in covenants in financing agreements, solvency tests imposed by corporate law and other factors that the Board of Directors may deem relevant.

USE OF PROCEEDS

Except as may otherwise be set forth in a Prospectus Supplement, the net proceeds to be received by the Corporation from the issue and sale from time to time of Securities will be added to the general funds of the Corporation to be used to repay existing indebtedness of the Corporation (see Consolidated Capitalization), to fund capital expenditures and for other general corporate purposes. Each Prospectus Supplement will contain specific information concerning the use of proceeds from that sale of Securities.

PLAN OF DISTRIBUTION

The Corporation may sell the Securities (i) to underwriters or dealers purchasing as principals, (ii) directly to one or more purchasers, subject to compliance with any applicable dealer or broker-dealer registration requirements, or (iii) through agents in Canada, the United States and elsewhere where permitted by law, for cash or other consideration. The Securities may be sold at fixed prices or non-fixed prices, such as prices determined by reference to the prevailing price of the Securities in a specified market, at market prices prevailing at the time of sale or at prices to be negotiated with purchasers, which prices may vary as between purchasers and during the period of distribution of the Securities.

The Prospectus Supplement for any of the Securities being offered will set forth the terms of the offering of those Securities, including the name or names of any underwriters, dealers or agents, the purchase price of the Securities, the proceeds to the Corporation from that sale if determinable, any underwriting fees or discounts and other items constituting underwriters' compensation, any public offering price, and any discounts or concessions allowed or re-allowed or paid to dealers or agents. Only underwriters named in the relevant Prospectus Supplement are deemed to be underwriters in connection with the Securities offered by that Prospectus Supplement.

If underwriters purchase Securities as principal, the Securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at a fixed

public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase those Securities will be subject to certain conditions precedent, and the underwriters will be obligated to purchase all the Securities offered by the Prospectus Supplement if any of such Securities are purchased. Any public offering price and any discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time. The Securities may also be sold directly by the Corporation at prices and upon terms agreed to by the

-8-

purchaser and the Corporation or through agents designated by the Corporation from time to time. Any agent involved in the offering and sale of the Securities pursuant to this prospectus will be named, and any commissions payable by the Corporation to that agent will be set forth, in the applicable Prospectus Supplement. Unless otherwise indicated in the Prospectus Supplement, any agent would be acting on a best efforts basis for the period of its appointment.

The Corporation may agree to pay the underwriters a commission for various services relating to the issue and sale of any Securities offered by this prospectus. Any such commission will be paid out of the Corporation's general funds. Underwriters, dealers and agents who participate in the distribution of the Securities may be entitled under agreements to be entered into with the Corporation to indemnification against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments that those underwriters, dealers or agents may be required to make in respect thereof.

Any offering of Securities, other than Common Shares, will be a new issue of securities with no established trading market. Unless otherwise specified in the applicable Prospectus Supplement, such Securities will not be listed on any securities exchange. Certain dealers may make a market in such Securities, but will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given that any dealer will make a market in such Securities or as to the liquidity of the trading market, if any, for such Securities.

Except as set out in a Prospectus Supplement relating to a particular offering of Securities in connection with any offering of Securities, the underwriters, dealers or agents, as the case may be, may over-allot or effect transactions intended to fix or stabilize the market price of the Common Shares at a level above that which might otherwise prevail in the open market. Such transactions, if commenced, may be discontinued at any time.

DESCRIPTION OF COMMON SHARES

Each Common Share entitles the holder to receive notice of and to attend all meetings of the shareholders of the Corporation other than meetings at which only the holders of another class or series are entitled to vote. Each Common Share entitles the holder to one vote. The holders of Common Shares, in the discretion of the Board of Directors, are entitled to receive out of any monies properly applicable to the payment of dividends, and after the payment of any dividends payable on the Preferred Shares of any series or any other series ranking prior to the Common Shares as to the payment of dividends, any dividends declared and payable on the Common Shares. Upon any liquidation, dissolution or winding-up of the Corporation, or other distribution of the Corporation's assets among its Shareholders for the purposes of winding-up the affairs of the Corporation, the holders of the Common Shares are entitled to share on a share-for-share basis in the distribution, except for the prior rights of the holders of the Preferred Shares of any series, or any other class ranking prior to the Common Shares.

There are no pre-emptive or conversion rights and the Common Shares are not subject to redemption. All Common Shares currently outstanding and to be outstanding upon the exercise of any securities convertible into Common Shares, are or will be, fully paid and non-assessable.

In connection with the Arrangement, the Unitholders approved the adoption of a shareholder rights plan for the Corporation (the **Shareholder Rights Plan**). Pursuant to the Shareholder Rights Plan, one right (a **Right**) was issued by the Corporation in respect of each Common Share that was outstanding at the close of business on the Effective Date. One Right will also be issued for each additional Common Share issued after the Effective Date, including in respect of any Common Shares issued pursuant to a Prospectus Supplement, subject to the terms and conditions of the Shareholder Rights Plan.

DESCRIPTION OF PREFERRED SHARES

The Preferred Shares may be issued in one or more series, each series to consist of such number of shares as determined by resolution of the Board of Directors. The Board of Directors, by resolution duly passed before the issue of the Preferred Shares of each series, fix the designation, rights, restrictions, conditions and limitations attaching to the Preferred Shares of each series, including, but without in any way limiting or restricting the generality of the foregoing, the rate or amount of cumulative preferential dividends, the date or dates and places of

payment thereof, the date or dates from which such preferential dividends shall accrue, the rights and obligations, if any, of the Corporation to purchase the Preferred Shares of such series and to redeem the same, the price and the terms and conditions of any such purchase or redemption, and conversion rights, if any.

The Preferred Shares of each series will have priority over the Common Shares in payment of dividends and in the distribution of assets in the event of liquidation, dissolution or winding-up of the Corporation or any other distribution of the assets of the Corporation among Shareholders for the purpose of winding up the affairs of the Corporation. The number of Preferred Shares that may be authorized for issuance at any given time can be no more than one half of the issued and outstanding Common Shares at the time of the issuance of such Preferred Shares.

The particular terms and provisions of the Preferred Shares offered by any Prospectus Supplement, and the extent to which the general terms and provisions described below may apply thereto, will be described in the Prospectus Supplement filed in respect of such Preferred Shares.

In addition, to the extent that any particular terms of the Debt Securities described in a Prospectus Supplement differ from any of the terms described in this prospectus, the description of such terms set forth in this prospectus shall be deemed to have been superseded by the description of such differing terms set forth in such Prospectus Supplement with respect to such Debt Securities.

Ranking

The Debt Securities will be direct unsecured obligations of the Corporation. The Debt Securities will be senior or subordinated indebtedness of the Corporation as described in the applicable Prospectus Supplement. If the Debt Securities are senior indebtedness, they will rank equally and rateably with all other unsecured indebtedness of the Corporation from time to time issued and outstanding which is not subordinated. If the Debt Securities are subordinated indebtedness, they will be subordinated to senior indebtedness of the Corporation as described in the applicable Prospectus Supplement, and they will rank equally and rateably with other subordinated indebtedness of the Corporation from time to time issued and outstanding as described in the applicable Prospectus Supplement. The Corporation reserves the right to specify in a Prospectus Supplement whether a particular series of subordinated Debt Securities is subordinated to any other series of subordinated Debt Securities.

Registration of Debt Securities

Debt Securities in Book Entry Form

Debt Securities of any series may be issued in whole or in part in the form of one or more global securities (**Global Securities**) registered in the name of a designated clearing agency (a "**Depository** ") or its nominee and held by or on behalf of the Depository in accordance with the terms of the applicable Trust Indenture. The specific terms of the depositary arrangement with respect to any portion of a series of Debt Securities to be represented by a Global Security will, to the extent not described herein, be described in the Prospectus Supplement relating to such series. A Global Security may not be transferred, except as a whole between the Depository and a nominee of the Depository or as between nominees of the Depository, or to a successor Depository or nominee thereof, until it is wholly exchanged for Debt Securities in certificated non-book-entry form in accordance with the terms of the applicable Trust Indenture. So long as the Depository for a Global Security, or its nominee, is the registered owner of such Global Security, such Depository or such nominee, as the case may be, will be considered the sole owner or holder of the Debt Securities represented by such Global Security for all purposes under the applicable Trust Indenture and payments of principal of and interest, if any, on the Debt Securities represented by a Global Security will be made by the Corporation to the Depository or its nominee.

Owners of beneficial interests in a Global Security will not be entitled to have the Debt Securities represented by such Global Security registered in their names, will not receive or be entitled to receive physical delivery of such Debt Securities in certificated non-book-entry form, will not be considered the owners or holders thereof under the applicable Trust Indenture and will be unable to pledge Debt Securities as security.

No Global Security may be exchanged in whole or in part for Debt Securities registered, and no transfer of a Global Security in whole or in part may be registered, in the name of any person other than the Depository for such Global Security or any nominee of such Depository unless:

- (a) there is a requirement to do so under applicable law;
- (b) the book-entry system ceases to exist;
- (c) the Corporation or the Depository advise the Trustee that the Depository is no longer willing or able to properly discharge its responsibilities as depositary with respect to the Debt Securities and the Corporation is unable to locate a qualified successor;
- (d) the Corporation decides, at its option, to terminate the book-entry system through the Depository; or
- (e) if provided for in the Trust Indenture, after the occurrence of an event of default thereunder (provided the Trustee has not waived the event of default in accordance with the terms of the Trust Indenture), participants acting on behalf of beneficial holders representing, in aggregate, a threshold percentage of the aggregate principal amount of the Debt Securities then outstanding advise the Depository in writing that the continuation of a book-entry system through the Depository is no longer in their best interest,

whereupon such Global Security shall be exchanged for certificated non-book-entry Debt Securities of the same series in an aggregate principal amount equal to the principal amount of such Global Security and registered in such names and denominations as the Depositary may direct.

Principal and interest payments, if any, on the Debt Securities represented by a Global Security registered in the name of a Depositary or its nominee will be made to such Depositary or its nominee, as the case may be, as the registered owner of such Global Security. Neither the Corporation, the Trustee nor any paying agent for such Debt Securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in such Global Security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

The Corporation, any underwriters, dealers or agents and any Trustee identified in an accompanying Prospectus Supplement, as applicable, will not have any liability or responsibility for (i) records maintained by the Depositary relating to beneficial ownership interests in the Debt Securities held by the Depositary or the book-entry accounts maintained by the Depositary, (ii) maintaining, supervising or reviewing any records relating to any such beneficial ownership interests, or (iii) any advice or representation made by or with respect to the Depositary and contained in this prospectus or in any Prospectus Supplement or Trust Indenture with respect to the rules and regulations of the Depositary or at the direction of Depositary participants.

Unless otherwise stated in the applicable Prospectus Supplement, CDS Clearing and Depositary Services Inc. or its successor will act as Depositary for any Debt Securities represented by a Global Security.

Debt Securities in Certificated Form

Debt Securities of any series may be issued in whole or in part in registered form as provided in the applicable Trust Indenture.

In the event that the Debt Securities are issued in certificated non-book-entry form, principal and interest, if any, will be payable, the transfer of such Debt Securities will be registerable and such Debt Securities will be exchangeable for Debt Securities in other denominations of a like aggregate principal amount at the office or agency maintained by the Corporation. Payment of principal and interest, if any, on Debt Securities in certificated non-book-entry form may be made by cheque mailed to the address of the holders entitled thereto.

Subject to the foregoing limitations, Debt Securities of any authorized form or denomination issued under the applicable Trust Indenture may be transferred or exchanged for Debt Securities of any other authorized form or denomination or denominations, any such transfer or exchange to be for an equivalent aggregate principal amount of Debt Securities of the same series, carrying the same rate of interest and same redemption and other provisions as the Debt Securities so transferred or exchanged. Exchanges of Debt Securities of any series may be made at the offices of the applicable Trustee and at such other places as the Corporation may from time to time designate with the approval of the applicable Trustee and may be specified in the applicable Prospectus Supplement. Unless otherwise specified in the applicable Prospectus Supplement, the applicable Trustee will be the registrar and transfer agent for the Debt Securities issued under the applicable Trust Indenture.

DESCRIPTION OF WARRANTS

This section describes the general terms that will apply to any warrants (the **Warrants**) for the purchase of Common Shares (the **Common Share Warrants**), for the purchase of Preferred Shares (the **Preferred Share Warrants**) or for the purchase of Debt Securities (the **Debt Warrants**).

Warrants may be offered separately or in combination with one or more other Securities. Each series of Warrants will be issued under a separate Warrant agreement to be entered into between the Corporation and one or more banks or trust companies acting as Warrant agent. A copy of the Warrant agreement will be filed by the Corporation

with the securities commission or similar regulatory authority in each of the provinces of Canada after it has been entered into by the Corporation and will be available electronically at www.sedar.com.

The applicable Prospectus Supplement will include details of the Warrant agreements covering the Warrants being offered. The Warrant agent will act solely as the agent of the Corporation and will not assume a relationship of agency with any holders of Warrant certificates or beneficial owners of Warrants. The specific terms of the Warrants, and the extent to which the general terms described in this section apply to those Warrants, will be set forth in the applicable Prospectus Supplement.

The Corporation has provided an undertaking to the Ontario Securities Commission that it will not offer Warrants for sale separately to any member of the public in Ontario under this prospectus unless such offering is in connection with, and forms part of, the consideration for an acquisition or merger transaction or unless the Prospectus Supplement to this prospectus which contains the specific terms of the Warrants to be offered separately, is first approved for filing by the Ontario Securities Commission.

Common Share Warrants

The particular terms of each issue of Common Share Warrants will be described in the related Prospectus Supplement. This description will include, where applicable:

- (a) the designation and aggregate number of Common Share Warrants;
- (b) the price at which the Common Share Warrants will be offered;
- (c) the currency or currencies in which the Common Share Warrants will be offered;
- (d) the date on which the right to exercise the Common Share Warrants will commence and the date on which the right will expire;

A copy of the Subscription Receipt agreement will be filed by the Corporation with the securities commission or similar regulatory authority in each of the provinces of Canada after it has been entered into by the Corporation and will be available electronically at www.sedar.com.

Pursuant to the Subscription Receipt agreement, original purchasers of Subscription Receipts will have a contractual right of rescission against the Corporation, following the issuance of the underlying Common Shares or other securities to such purchasers upon the surrender or deemed surrender of the Subscription Receipts, to receive the amount paid for the Subscription Receipts in the event that this prospectus and any amendment thereto contains a misrepresentation or is not delivered to such purchaser, provided such remedy for rescission is exercised within 180 days from the closing date of the offering of Subscription Receipts.

DESCRIPTION OF UNITS

Units are a security comprised of one or more of the other Securities described in this prospectus offered together as a unit. Units are typically issued so that the holder thereof is also the holder of each Security included in the Unit. Thus, the holder of a Unit will have the rights and obligations of a holder of each Security comprising the Unit. The Unit agreement under which a Unit is issued may provide that the Securities comprising the unit may not be held or transferred separately at any time or at any time before a specified date.

The particular terms and provisions of Units offered by any Prospectus Supplement, and the extent to which the general terms and provisions described below may apply to them, will be described in the Prospectus Supplement filed in respect of such Units. This description will include, where applicable: (i) the designation and terms of the Units and of the Securities comprising the Units, including whether and under what circumstances those Securities may be held or transferred separately; (ii) any provisions for the issuance, payment, settlement, transfer or exchange of the Units or of the Securities comprising the Units; (iii) whether the Units will be issued in fully registered or global form; and (iv) any other material terms and conditions of the Units.

RISK FACTORS

An investment in the Securities is subject to certain risks. Investors should carefully review and consider the risks described below and all other information contained in this prospectus and any Prospectus Supplement before making an investment decision and consult their own experts where necessary. In addition to the risk factors outlined below, investors are directed to the risk factors set forth under the heading **Risk Factors – Risks Relating to the Business Currently Conducted by Precision** in the AIF which are applicable to the business being carried on by the Corporation, as successor to the Trust.

The price of the Common Shares may experience volatility.

The price of the Common Shares may be volatile. Some of the factors that could affect the price of the Common Shares are quarterly increases or decreases in revenue, earnings or cash flow from operations, payment of any cash dividends made by the Corporation, changes in revenue, earnings or cash flow estimates by the investment community and speculation in the press or investment community about the Corporation's financial condition or results of operations. General market conditions and Canadian, United States or international economic factors and political events unrelated to the performance of the Corporation may also affect the price of Common Shares. For these reasons, investors should not rely on past trends to predict the future price of Common Shares or the Corporation's financial results.

Sales of additional Common Shares could negatively affect the value of the Common Shares.

The Corporation may issue additional Common Shares in the future to directly or indirectly fund capital expenditure requirements of the Corporation and other entities now or hereafter owned directly or indirectly by the Corporation, including to finance acquisitions by those entities and for other general corporate purposes, including operations and the repayment of indebtedness. Such additional Common Shares may be issued without the approval of Shareholders. Shareholders have no pre-emptive rights in connection with such additional issues. The Board of Directors has discretion in connection with the price and the other terms of the issue of such additional Common Shares.

There is no market through which the Securities (other than the Common Shares) may be sold.

There is currently no market through which any of the Securities, other than the Common Shares, may be sold and the purchasers of such Securities may not be able to resell such securities purchased under this prospectus and any Prospectus Supplement. There can be no assurance that a secondary market will develop for any of the Preferred Shares, Debt Securities, Warrants, Subscription Receipts or Units that may be issued under this prospectus or that any secondary market which does develop will continue. This may affect the pricing of such Securities in the secondary market, if any, the transparency and availability of trading prices, the liquidity of the Securities and the extent of regulation of such Securities.

The public offering prices of the Securities may be determined by negotiation between the Corporation and underwriters based on several factors and may bear no relationship to the prices at which Securities will trade in the public market subsequent to such offering. See "Plan of Distribution".

Credit ratings may not reflect all risks of an investment in Debt Securities and may change.

Credit ratings may not reflect all risks associated with an investment in Debt Securities. Any credit ratings applied to Debt Securities are an assessment of the Corporation's ability to pay its obligations. Consequently, real or anticipated changes in the credit ratings will generally affect the market value of Debt Securities. The credit ratings, however, may not reflect the potential impact of risks related to market or other factors on the value of Debt Securities. There is no assurance that any credit rating assigned to Debt Securities will remain in effect for any given period of time or that any rating will not be lowered or withdrawn entirely by the relevant rating agency.

Increases in interest rates may cause the market price or value of Debt Securities to decline.

The market price or value of Debt Securities may decline as prevailing interest rates for comparable debt instruments rise.

Debt Securities will be effectively subordinated to creditors of the Corporation's subsidiaries, partnerships and other entities.

The Corporation conducts its business through a number of corporate and partnership subsidiaries. The Debt Securities will be effectively subordinated to claims of creditors of the Corporation's subsidiaries, in that the Corporation's right to participate as a securityholder or partner in the distribution of the assets of any subsidiary upon any such distribution would be subject to the prior claims of the creditors of such subsidiary.

The Corporation may be unable to obtain access to additional financing.

The Corporation may find it necessary in the future to obtain additional debt or equity financing to support ongoing operations, to undertake capital expenditures, to repay existing indebtedness (including the Secured Facilities and the Senior Notes) or to undertake acquisitions or other business combination transactions. There can be no assurance that additional financing will be available to the Corporation when needed or on terms acceptable or favourable to the Corporation. The Corporation's inability to obtain financing to support ongoing operations or to fund capital expenditures, acquisitions, debt repayments or other business combination transactions could limit the Corporation's growth and may have a material adverse effect upon the Corporation.

The Corporation has retained liabilities as a consequence of prior reorganizations.

The Corporation, the successor entity to the Trust following the Arrangement and to amalgamations involving its predecessor companies, has assumed or retained all liabilities of its predecessor companies, including liabilities relating to corporate and income tax matters.

The Corporation could face negative tax consequences for previous transactions.

The business and operations of the Trust prior to the completion of the Arrangement were complex and the Trust executed a number of significant financings, business combinations, acquisitions and dispositions over the course of its history. The computation of income taxes payable as a result of these transactions involves many complex factors as well as the Corporation's interpretation of relevant tax legislation and regulations. As part of the Arrangement, and prior to the termination of the Trust, the Corporation assumed all of the obligations and liabilities of the Trust. The Corporation believes that the provision for income tax is adequate and in accordance with Canadian GAAP and applicable legislation and regulations. However, there are a number of tax filing positions that can still be the subject of review by taxation authorities who may successfully challenge the Corporation's interpretation of the applicable tax legislation and regulations, with the result that additional taxes could be payable by the Corporation and the amount owed, with estimated interest but without penalties, could be up to \$403 million as of March 31, 2010. Any increase in tax liability would reduce the net assets of and funds available to the Corporation.

If the Corporation does not constitute a qualified foreign corporation for United States federal income tax purposes, non-corporate U.S. holders of the Corporation's Shares may be taxed at a higher rate on dividends.

The Corporation expects that any dividends that it may pay to non-corporate U.S. holders (including individual U.S. holders) that are treated as dividends for United States federal income tax purposes will be treated as qualified dividend income eligible for the reduced maximum rate to individuals of 15% (5% for individuals in lower tax brackets). However, if the Corporation does not constitute a qualified foreign corporation for United States federal income tax purposes, and as a result such dividends to non-corporate U.S. holders do not qualify for this reduced maximum rate, such holders will be subject to tax on such dividends at ordinary income rates (currently at a maximum federal income tax rate of 35%). In addition, under current law, the preferential tax rate for qualified dividend income will not be available for taxable years beginning after December 31, 2010.

The Corporation may become a passive foreign investment company (PFIC), which could result in adverse United States tax consequences to United States investors.

The Corporation does not believe that it is, or will be treated as, a PFIC for United States tax purposes. Since PFIC status is determined on an annual basis and will depend on the composition of the Corporation's income and assets from time to time, it is possible that the Corporation could be considered a PFIC in 2010 or a future taxable year. Such characterization could result in adverse United States tax consequences to a United States investor. In particular, a United States investor would be subject to United States federal income tax at ordinary income rates, plus a possible interest charge, in respect of any gain derived from a disposition of the Corporation's shares, as well as certain distributions by the Corporation. In addition, a step-up in the tax basis of the Corporation's shares would not be available upon the death of an individual holder.

If a United States investor acquires 10% or more of the Common Shares it may be subject to taxation under the CFC rules.

Under certain circumstances, a United States person (**10% U.S. Shareholder**) who directly or indirectly owns 10% or more of the voting power of a foreign corporation that is a controlled foreign corporation (**CFC**) (generally, a foreign corporation in which 10% U.S. Shareholders own more than 50% of the voting power or value of the stock of the foreign corporation) for an uninterrupted period of 30 days or more during a taxable year and who holds any shares of the foreign corporation on the last day of the corporation's tax year must include in gross income for United States federal income tax purposes its pro rata share of certain income of the CFC even if such share is not distributed to such person. The Corporation is not presently a CFC, but this could change in the future.

The Corporation expects to maintain its status as a foreign private issuer in the United States and thus will be exempt from a number of rules under the Exchange Act and will be permitted to file less information with the SEC than a company incorporated in the United States.

As a foreign private issuer the Corporation is exempt from certain rules under the United States Securities Exchange Act of 1934, as amended (the **Exchange Act**) that impose disclosure requirements, as well as procedural requirements, for proxy solicitations under Section 14 of the Exchange Act. The directors and officers of the Corporation and principal Shareholders of the Corporation are exempt from the insider reporting and short-swing profit recovery provisions of Section 16 of the Exchange Act. Moreover, the Corporation may not be required to file periodic reports and financial statements with the SEC as frequently or as promptly, or in the same form, as United States companies whose securities are registered under the Exchange Act, nor is it generally required to comply with Regulation FD, which restricts the selective disclosure of material nonpublic information. Accordingly, there may be less information concerning the Corporation publicly available than there is for United States public companies and such information may not be provided as promptly or in the same form. In addition, the Corporation is permitted, under a multi jurisdictional disclosure system adopted by the United States and Canada, to prepare its disclosure documents in accordance with Canadian disclosure requirements, including preparing its financial statements in accordance with Canadian GAAP (which after January 1, 2011, will consist of International Financial Reporting Standards as adopted by the International Accounting Standards Board), which differ in some respects from U.S. GAAP.

ENFORCEABILITY OF CIVIL LIABILITIES

The Corporation exists under the laws of the Province of Alberta. Some of the Corporation's directors and officers and experts named in this prospectus are residents of Canada or otherwise reside outside the United States, and a substantial portion of their assets, and a substantial portion of the Corporation's assets, are located outside the United States. The Corporation has appointed an agent for service of process in the United States, but it may be difficult for holders of Securities who reside in the United States to effect service within the United States upon those directors, officers and experts who are not residents of the United States. It may also be difficult for holders of Securities who reside in the United States to realize in the United States upon judgments of courts of the United States predicated upon the civil liability of the Corporation and the civil liability of the directors, officers and experts under the United States federal securities laws. The Corporation has filed with the SEC, concurrently with the Registration Statement, an appointment of agent for service of process on Form F-X. Under the Form F-X, the Corporation appointed CT Corporation System as its agent for service of process in the United States in connection with any

investigation or administrative proceeding conducted by the SEC, and any civil suit or action brought against or involving the Corporation in a United States court arising out of or related to or concerning an offering of Securities.

STATUTORY RIGHTS OF WITHDRAWAL AND RESCISSION

Unless provided otherwise in a Prospectus Supplement, the following is a description of a purchaser's statutory rights. Securities legislation in certain of the provinces of Canada provides purchasers with the right to withdraw from an agreement to purchase securities. This right may be exercised within two business days after receipt or deemed receipt of a prospectus and any amendment. In several of the provinces, the securities legislation further provides a purchaser with remedies for rescission or, in some jurisdictions, revisions of the price or damages if the prospectus and any amendment contains a misrepresentation or is not delivered to the purchaser, provided that such remedies for rescission, revision of the price or damages are exercised by the purchaser within the time limit prescribed by the securities legislation of the purchaser's province. The purchaser should refer to any applicable provisions of the securities legislation of the purchaser's province in which the purchaser resides for the particulars of these rights or consult with a legal advisor.

INTEREST OF EXPERTS

Unless otherwise specified in the Prospectus Supplement relating to an offering of Securities, certain legal matters relating to the offering of such Securities will be passed upon on behalf of the Corporation by Bennett Jones LLP, with respect to matters of Canadian law, Felesky Flynn LLP, with respect to matters of Canadian federal income tax law, Osler, Hoskin & Harcourt LLP, with respect to matters of United States law and Mayer Brown LLP, with respect to matters of United States federal income tax law. As at the date hereof, the partners and associates of each of Bennett Jones LLP, Felesky Flynn LLP, Osler, Hoskin & Harcourt LLP and Mayer Brown LLP, as a group, each owned, directly or indirectly, less than 1% of the outstanding Common Shares.

KPMG LLP is the Corporation's independent registered chartered accountant and is independent of the Corporation within the meaning of the Rules of Professional Conduct of the Institute of Chartered Accountants of Alberta.

PART II

INFORMATION NOT REQUIRED TO BE DELIVERED TO OFFEREEES OR PURCHASERS

Indemnification of Certain Persons

Under the *Business Corporations Act* (Alberta) (the **ABCA**), the Registrant may indemnify a present or former director or officer, or a person who acts or acted at the Registrant's request as a director or officer of a body corporate of which the Registrant is or was a shareholder or creditor, and the director's or officer's heirs and legal representatives, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by him or her in respect of any civil, criminal or administrative action or proceeding to which he or she is made a party by reason of being or having been a director or officer of the Registrant or that body corporate, if the director or officer acted honestly and in good faith with a view to the best interests of the Registrant, and, in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, had reasonable grounds for believing that his or her conduct was lawful. Indemnification in connection with a derivative action may require court approval. A director or officer is entitled to indemnification from the Registrant as a matter of right if he or she was substantially successful on the merits in the person's defense of the action or proceeding, fulfilled the conditions set forth above, and is fairly and reasonably entitled to indemnity.

The bylaws of the Registrant provide that, subject to the limitations contained in the ABCA, the Registrant shall indemnify a director or officer or a former director or officer, or a person who acts or acted at the Registrant's request as a director or officer of a body corporate of which the Registrant is or was a shareholder or creditor, and his or her heirs and legal representatives, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by him or her in respect of any civil, criminal or administrative action or proceeding to which he or she is made a party by reason of being or having been a director or officer of the Registrant, if: (i) he or she acted honestly and in good faith with a view to the best interests of the Registrant; and (ii) in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, he or she had reasonable grounds for believing that his or her conduct was lawful.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the Registrant pursuant to the foregoing provisions, the Registrant has been informed that in the opinion of the U.S. Securities and Exchange Commission such indemnification is against public policy and is therefore unenforceable.
