GRAVITY REPORTS THIRD QUARTER OF 2011 RESULTS

Seoul, South Korea November 9, 2011 GRAVITY Co., Ltd. (NasdaqGM: GRVY) (Gravity or the Company), an online game developer and publisher based in South Korea, today announced its unaudited financial results for the third quarter ended September 30, 2011, prepared in accordance with generally accepted accounting principles in the United States.

Revenues for the third quarter ended September 30, 2011 were KRW 14,785 million (US\$ 13,410 thousand), representing a 1.4% increase from KRW 14,584 million for the second quarter ended June 30, 2011 (QoQ) and a 8.2% increase from KRW 13,668 million for the third quarter ended September 30, 2010 (YoY).

Review of financial results

Revenues

Royalties and license fee revenues for the third quarter of 2011 were KRW 9,535 million (US\$ 8,648 thousand), representing a 5.6% increase QoQ from KRW 9,033 million and a 1.9% increase YoY from KRW 9,359 million. The increase QoQ was primarily driven by the weakening of the Korean Won against the Japanese Yen. The increase YoY was mainly attributable to the revenues from *Dragonica* resulting from our acquisition of Gravity Games Corp., the developer of *Dragonica*, in October 2010 and the revenues from *H.A.V.E. Online*, which was commercially launched in March 2011 in Japan. The increase YoY was partially offset by the decreased revenues from *Ragnarok Online* in Japan.

Subscription revenues for the third quarter of 2011 were KRW 2,753 million (US\$ 2,497 thousand), representing a 5.8% decrease QoQ from KRW 2,922 million and a 37.4% increase YoY from KRW 2,004 million. The decrease QoQ was mainly due to Gravity EU SASU, our former wholly-owned subsidiary in France, no longer being consolidated as a result of the Company's ownership reduction to 25% in July 2011. The increase YoY primarily resulted from increased revenues from *Ragnarok Online* in Korea and the U.S. and Canada due to our ceasing subscription-based fee model in Korea in November 2010 and in the U.S. and Canada April 2011 and offering the game with free-to-play servers, which only apply micro-transaction model encouraging our users in these markets to play the game without paying subscription fees or buying playing time and to purchase in-game items. The increase YoY in the revenues from *Ragnarok Online* in the U.S. and Canada was also attributable to the more frequent updates and introduction of popular in-game items.

Mobile game revenues were KRW 2,357 million (US\$ 2,138 thousand) for the third quarter of 2011, representing a 4.5% decrease QoQ from KRW 2,469 million and a 9.0% increase YoY from KRW 2,163 million.

Character merchandising and other revenues were KRW 140 million (US\$ 127 thousand) for the third quarter of 2011, representing a 12.5% decrease QoQ from KRW 160 million and a 1.4% decrease YoY from KRW 142 million.

Cost of Revenues and Operating Expenses

Cost of revenues was KRW 6,430 million (US\$ 5,832 thousand) for the third quarter of 2011, representing a 3.1% increase QoQ from KRW 6,234 million and a 42.8% increase YoY from KRW 4,502 million. The increase QoQ was primarily attributable to increase in commissions paid and was partially offset by decrease in outsourcing fee. The increase YoY mostly resulted from increased commission paid and increased salaries for NeoCyon, Inc., the Company's subsidiary in Korea for mobile game business, and increase in salaries due to acquisition of Gravity Games Corp., the Company's subsidiary in Korea for online game development, in October 2010.

Operating expenses were KRW 5,375 million (US\$ 4,875 thousand) for the third quarter of 2011, representing a 16.0% decrease QoQ from KRW 6,398 million and a 5.6% decrease YoY from KRW 5,692 million. The decrease QoQ was primarily due to decrease in commissions paid as well as gain on disposition of investment related to decrease in the Company's equity interest in Gravity EU SASU. The decrease QoQ was partially offset by impairment loss on intangible assets related to capitalized research and development cost of *Eternal Destiny*. The decrease YoY was mainly contributable to decrease in research and development expenses mostly related to a console game based on one of our online games.

Income before income tax expenses and others was KRW 3,904 million (US\$ 3,541 thousand) for the third quarter of 2011, which represents a 63.8% increase QoQ from KRW 2,384 million and a 4.1% decrease YoY from KRW 4,071 million.

As a result of the foregoing factors, Gravity recorded a net income attributable to parent company of KRW 3,417 million (US\$ 3,099 thousand) for the third quarter of 2011 compared to KRW 1,721 million for the second quarter of 2011 and KRW 2,646 million for the third quarter of 2010.

The balance of cash and cash equivalents and short-term financial instruments was KRW 57,695 million (US\$ 52,331 thousand) as of September 30, 2011.

Note: For convenience purposes only, the KRW amounts have been expressed in the U.S. dollars at the exchange rate of KRW 1,102.5 to US\$ 1.00, the noon buying rate in effect on October 28, 2011, as quoted by the Federal Reserve Bank of New York.
