### USE OF PROCEEDS

The Fund estimates the net proceeds from the sale of the shares offered hereby will be \$45,082,919, based on the Fund's net asset value of \$9.05 on April 17, 2003, and a sale price per share of \$9.53, an estimated \$2,400,000 sales charge, and an estimated \$167,081 in expenses, assuming that the offering continues for a two year period and all of the shares are sold in the offering. The Fund will invest subscription proceeds in the market as quickly as possible, consistent with the Fund's investment philosophy. The rate at which subscriptions are invested may vary, depending on the degree to which the Fund

Edgar Filing: NAIC GROWTH FUND INC - Form N-2/A

believes suitable investments exist, given conditions in the markets generally and with certain companies in particular, the rate at which subscriptions are received and other relevant factors. The Fund's goal is to invest subscription proceeds within one month of receipt of a subscription, but under certain market conditions and depending upon the availability of suitable investments, it may take up to three months to invest the proceeds.

Pending such investment, it is anticipated that the proceeds will be invested in short-term debt obligations or instruments. Investments in such short-term debt obligations or investments may reduce the Fund's yield.
