Item 8.01 Other Events

Legislation was passed during the fourth quarter of 2004 that provided an elective 85% dividends received deduction which permits U.S. corporations to repatriate earnings of foreign subsidiaries at an effective federal tax rate of 5.25 percent versus 35 percent before consideration of foreign tax credits. On July 12, 2005 the Board of Directors of Waters Corporation (the Company) adopted resolutions to repatriate approximately \$500 million as a qualified distribution in accordance with the legislation. During the third quarter of 2005, the Company will accrue a tax liability of approximately \$22 million to \$28 million for the federal, state and foreign taxes related to such repatriation.

Statements contained herein may be considered forward-looking statements under the Safe Harbor provisions of the Private Securities Litigation Reform Act of 1995. These include statements regarding the accounting treatment for repatriation of earnings of foreign subsidiaries and the estimated impact on the Company's earnings. These statements involve a number of risks and uncertainties that could materially affect future results as well as other risk factors contained in the Company's filings made with the Securities and Exchange Commission, including, without limitation, the Company's Annual Report on Form 10-K for the year ended December 31, 2004.
