QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETING

WHERE AND WHEN IS THE SPECIAL MEETING?

The special meeting will be held at 9:00 a.m. (local time), on November 21, 2002, at our headquarters located at 11199 Sorrento Valley Road, San Diego, California 92121.

WHO MAY VOTE?

Holders of record of Genetronics common stock at the close of business on October 21, 2002 may vote at the meeting or any adjournment or postponement of the meeting. On October 15, 2002, 50,398,552 shares of our common stock were issued and outstanding. Each stockholder is entitled to one vote per share.

HOW DO STOCKHOLDERS VOTE?

You may vote by proxy or in person at the meeting. To vote by proxy, please complete, sign, date and return your proxy card in the postage-prepaid envelope that we have provided.

HOW DO PROXIES WORK?

Giving your proxy means that you authorize us to vote your shares at the special meeting in the manner you direct. If you sign, date, and return the enclosed proxy card but do not specify how to vote, we will vote your shares FOR the amendment to Genetronics Certificate of Incorporation increasing the authorized number of shares of common stock of Genetronics from 100,000,000 to 300,000,000. We do not know of any other matters that will be brought before the special meeting. If, however, other matters are properly brought before the special meeting, we will vote your proxy on those matters as determined by the person identified on the proxy card as your proxy.

HOW MAY A PROXY BE REVOKED?

You may revoke your proxy before it is voted by submitting a new proxy with a later date, by providing written notice to such revocation to the Secretary of Genetronics at 11199 Sorrento Valley Road, San Diego, California 92121 or by attending the special meeting and voting in person.

WHAT HAPPENS IF I CHOOSE NOT TO SUBMIT A PROXY OR TO VOTE?

If a stockholder does not submit a proxy or does not vote at the special meeting, it will have the same effect as a vote against approval of an amendment to Genetronics Certificate of Incorporation increasing the authorized number of shares of common stock of Genetronics from 100,000,000 to 300,000,000.

WHAT IS A QUORUM ?

In order to carry on the business of the meeting, a quorum must be present. A quorum requires the presence, in person or by proxy, of the holders of at least one-third of the votes entitled to be cast at the meeting. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when you fail to provide voting instructions to your broker for shares that your broker holds on your behalf in a nominee name, which is commonly referred to as holding your shares in street name. Under those circumstances, your broker may be authorized to vote for you on some routine items but is prohibited from voting on other items. Those items for which your broker cannot vote result in broker non-votes.

HOW MANY VOTES ARE REQUIRED TO APPROVE THE INCREASE IN AUTHORIZED SHARES OF COMMON STOCK?

The affirmative vote of a majority of the outstanding shares of common stock entitled to vote is necessary for approval of an amendment to Genetronics Certificate of Incorporation increasing the authorized number of shares of common stock of Genetronics from 100,000,000 to 300,000,000. For this purpose, if you vote to abstain on this proposal, your shares will have the same effect as if you voted against the proposal. Broker non-votes also will have

Table of Contents

the same effect as a vote against the proposal. Accordingly, an abstention from voting or a broker non-vote on the proposal will have the same legal effect as a vote against the matter, even though the stockholder may interpret an abstention or broker non-vote differently.

WHO WILL TABULATE THE VOTES?

Persons appointed by the chairman of the special meeting to act as inspectors of election for the special meeting will tabulate the stockholder votes. The inspectors of election will count all shares represented and entitled to vote on the proposal, whether voted for or against the proposal, or abstaining from voting, as present and entitled to vote on the proposal.

WHO PAYS FOR THIS PROXY SOLICITATION?

The Board of Directors is soliciting your proxy. Genetronics will pay the expenses of soliciting proxies. We expect that legal and printing expenses will be our primary expenses in connection with the solicitation. We anticipate we will incur approximately \$20,000 in expenses in connection with the solicitation. In addition to solicitation by mail, our officers may solicit proxies in person or by telephone. We will also make arrangements with brokerage houses and other custodians, nominees and fiduciaries for forwarding solicitation materials to beneficial owners. We will reimburse these persons for their reasonable expenses.

WHAT ARE THE STOCKHOLDERS BEING ASKED TO APPROVE?

Each stockholder is being asked to approve an amendment to Genetronics' Certificate of Incorporation increasing the authorized number of shares of common stock of Genetronics from 100,000,000 to 300,000,000.

PROPOSAL 1: APPROVAL OF AN AMENDMENT TO THE GENETRONICS CERTIFICATE OF INCORPORATION TO INCREASE THE AUTHORIZED COMMON STOCK

The Board recommends that the stockholders adopt an amendment to the Genetronics Certificate of Incorporation increasing the authorized number of shares of common stock of Genetronics from 100,000,000 to 300,000,000 shares. On October 7, 2002, the Board approved an amendment to the Certificate of Incorporation, subject to approval by Genetronics stockholders, which amends Article FOURTH of Genetronics Certificate of Incorporation to increase the authorized common stock so that, as amended, Article Fourth shall read as provided in the Stockholders Resolution attached as Exhibit A to this Proxy Statement.

If this proposal is approved by the stockholders, the additional shares of authorized common stock will become part of the existing class of common stock, and the additional shares, when issued, will have the same rights and privileges as the shares of common stock now issued. There are no preemptive rights relating to the relating to the common stock.

The increase in the authorized common stock will not have any immediate effect on the rights of existing stockholders. However, the Board will have the authority to issue the newly-authorized common stock without requiring future stockholder approval of such issuances, except as may be required by applicable law, the American Stock Exchange rules or the Toronto Stock Exchange rules. To the extent that the additional authorized shares are issued in the future, they will decreased existing stockholders percentage equity ownership and, depending upon the price at which they are issued, could be dilutive to existing stockholders.

The increase in the authorized number of shares of common stock and the subsequent issuance of such shares could also have the effect of delaying or preventing a change in control of Genetronics without further action by the stockholders. Shares of authorized and unissued common stock could (within the limits imposed by applicable law) be issued in one or more transactions which would make a change in control of Genetronics more difficult, and therefore less likely. Any such issuance of additional stock could have the effect of diluting the earnings per share and book value per share of outstanding shares of common stock, and such additional shares could be used to dilute the stock ownership or voting rights of a person seeking to obtain control of Genetronics.

If this proposal is approved by the stockholders, the additional shares of authorized common stock will become effective upon the filing of a Certificate of Amendment as required by the General Corporation Law of the State of Delaware, which Genetronics intends to file and record as promptly as practicable after the special meeting. The Board may make any and all changes to the form of amendment that it deems necessary in order to file the Certificate of Amendment with the Secretary of State of the State of Delaware. The Board may also abandon or delay the amendment at any time before or after the special meeting and prior to the effective date of the amendment if for any reason the Board deems it advisable to do so.

REASONS FOR PROPOSED AMENDMENT

The proposed increase in authorized common stock will enable Genetronics to:

- 1) Issue common stock in connection with raising additional equity or in connection with acquisitions, mergers and other financing transactions involving the issuance of securities.
- 2) Issue common stock without the expense and delay of a special meeting of stockholders except as otherwise required by applicable law, the rules of the American Stock Exchange or the rules of the Toronto Stock Exchange.
- 3) Issue common stock with respect to the granting of securities under the 2000 Stock Option Plan, 1997 Stock Option Plan, 1995 Stock Option Plan or pursuant to other management compensation arrangements which the Board may adopt.
- 4) Issue common stock in connection with stock splits or stock dividends.

Table of Contents

The Certificate of Incorporation of Genetronics presently authorizes the issuance of up to 100,000,000 shares of common stock, plus an additional 10,000,000 shares of Preferred Stock. Although Genetronics has no present plan, agreements or understandings regarding the issuance of the proposed additional shares of common stock, the Board believes that the adoption of this amendment is advisable because it will provide Genetronics with greater flexibility in connection with possible future transactions, stock splits or stock dividends, other corporate purposes, and other programs to facilitate expansion and growth of Genetronics. At October, 15, 2002, there were 50,398,552 shares of common stock issued and outstanding and, an additional 2,796,776 shares of common stock reserved and available for issuance under the 2000, 1997 and 1995 Stock Option Plans. At October 15, 2002, there were 7,950,472 shares of common stock reserved under warrants and 5,943,275 shares of common stock underlying outstanding options issued under the 2000, 1997 and 1995 Stock Option Plans.

Taking into account the foregoing reserved shares of common stock, as of October 15, 2002, a total of 67,089,075 shares of common stock are issued and outstanding or reserved and available for grant or exercise.

The Board believes that it is in the best interests of Genetronics to have authorized and available 300,000,000 shares of common stock in order to have sufficient authorized but unissued and unreserved shares to provide the necessary flexibility and alternatives to allow management of Genetronics to meet the needs described above.

VOTE REQUIRED FOR THE APPROVAL OF THE AMENDMENT TO THE CERTIFICATE OF INCORPORATION

The affirmative vote of a majority of the shares of common stock outstanding as of the Record Date for the special meeting is required to approve this proposal.

RECOMMENDATION OF THE BOARD OF DIRECTORS TO STOCKHOLDERS

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE ADOPTION OF AN AMENDMENT TO THE COMPANY S CERTIFICATE OF INCORPORATION WHICH WILL INCREASE THE AUTHORIZED COMMON STOCK TO 300,000,000 SHARES.
